REVIEW OF ADVANCED BUSHCRAFT EXPERT WILDERNESS SURVIVAL

- The book argues that fewer people have jobs and more people are working in less traditional arrangements such as temporary work, consulting, and micro businesses. The book recommends that you assess your desires, abilities, temperament, and assests, and it suggests managing your self like a company. This review was written as part of the Annotated Bibliography of Learning A Living; A Guide to Planning Your Career and Finding a Job for People with Learning Disabilities,

Attention Deficit Disorder, and Dyslexia

- Here is a serie of books which turns "the whole world" upside down. I learned a lot of it and I hope that a

new book from A.T. Fomenko will follow very quick. A absolute must for everybody who is interested in history or even a little bit from it.
