REVIEW OF DERMATOLOGY MULTIPLE CHOICE QUESTIONS AND ANSWERS

- Else then creating personalities to cover his complexes (first Bachman and now Eleanor), Mr King has now bacame a thief. Go wach the original Tv-series art by Lars Von Trier, The Kingdom. A 8 part post-modern TV series about unnatural events that take place in a hospital. There must be a border between the art of writing/literature and marketing tricks. And Mr. King has just crossed it. Stephen is now writing under the name Eleanor. After Richard he has developed another personality. Just a marketing trick. AND HE HAS STOLEN LARS VON TRIER's work, THE KINGDOM (or did he bought it?) anyway it is all a fraud. Shame on you mr king. You may trick the "culture-free" illiterate americans. But not everyone.

- This review addresses the product, not the novel itself. The Kindle edition was obviously generated via OCR. Many reading errors arrear in italicized text. Also, the first mention of the key term "stilsuit" is spelled "stulsuit." The editing and review process seems wanting. The novel is five stars, this electronic edition is two stars.
