REVIEW OF LA FABULEUSE HISTOIRE DE SANDRINE ET SYLVIE

• Lula Hardaway was a great, great lady. How many would go through what Mama went through, for the sake of her children? The difficult years of a young girl, the despicable treatment of Lula by her first husband, and her triumph over unbelievable obstacles, is an amazing story! And her belief in her 12 year old blind son, who became Stevie Wonder, is the ultimate story of a mother's love. I knew Mama since 1965, when I began working with Steve. I spoke to her just two weeks ago, lively, funny, with a laugh that made 'me' laugh. Goodbye

Mama. I miss you already.

• Like the hero of an action movie running from a burning jet, his fast thinking and willing feet sweeping away some hapless soul just before the big explosion consumes their former resting place, so have many of us found ourselves in IT positions of significance. We didn't begin our careers with this in mind, but as the information age has exploded around us, quick and willing minds have placed many of us in positions we were not formally trained for. Intimidating at times? To say the least! Mr. Langer's book is consumable during the explosion! His lessons on formal, academically and real world tested tools of analysis are straight forward, to the point, and packaged in chapters that are consumable in a single

sitting. Following each chapter are a set of questions recapping the highlights to help set the information more firmly into your mind. Getting a solid introduction to so many great tools helped me to see which ones, out of a sea of tools

available, would best suit my needs. It was also a great confidence booster to see that I was already doing so many things according to the book, Langer's book, *The Art of Analysis*. Buy it!
