REVIEW OF SERVICE HONDA CB400 SUPER FOUR HYPER VTEC 1

- I am currently DEPped into the US Navy. Before taking the ASVAB, I took several online practice exams, as well as the first practice exam inside this book. I didn't do too well on certain portions of the exam. Focusing on the things I had trouble on, and brushing up on the rest of the stuff, I studied for about a month. When I went to take my ASVAB for the first time, I did well on every exam, making a 94 AFQT (scored higher than 94% of applicants). I absolutely recommend this book. It provides more knowledge than is needed to pass the test, and keeps things interesting with side-notes, trivia, and funny comments.
- A strange story of a man's internal dialogue and his day job, with the infatuation of a lovely woman and talking dogs. This book translated by MacAndrew includes other stories beyond 'Diary of a Madman.' I confess here I only bought the book for this story and that is all I read, based on Nabakov's reference. The writing by Golgol is interesting, yet confusing at times and most certainly; odd, as the story is. Quite mundane in the beginning, while the finale is quite a shocker. A worthwhile read, but nothing to hop off your seat over.
