REVIEW OF PRIMARY PROGRESSION TESTS GUIDE

- I really have enjoyed this book for it's amazing details that bring the listed bible scriptures to life.

The research that was used makes it more credible as I also go back and read those verses in my own bible.

- I love history - especially Biblical history and this book uses the information in the Bible and then builds on that information with researched information to make it come alive. It seemed like a long book at the start but it ended too soon.
