## **REVIEW OF DUDA HART PATTERN CLASSIFICATION SOLUTION MANU BY MORITA SEI**

- The book was recommended to me before the movie was announced. I purchased it at an independent bookstore, and didn't read it for several

years. When I finally got around to it . . . well, all I can say is that I was fairly entertained. I can't imagine why anyone would actually WANT to cook that much! But I was entertained, if a little grossed out, by the story. I haven't been able to eat lobster since, and have eaten very little chicken. But I did go out and buy a lot of butter, and cooked with it more often. I don't know what that says -- all those recipes, and the thing that appealed to me was cooking with butter . . . maybe I am just not attracted to French cooking . . . I think I'll skip the movie.

- I enjoy horror fiction. I thoroughly enjoy reading about instances that are either so supernatural that they're brilliant or so haunting, because they could really happen. Kidnapping a

pregnant woman about to have an abortion and torturing her is just a heinous act of ill judgment that this is a subject that should just be off limits unless portrayed in a way that could work. This doesn't. As I mentioned, the novella is about a woman who is about to have an abortion at the abortion clinic. It's common to see pro-lifers protesting, but a couple take it to the next level. They kidnap her, blindfold her, and strap her in a coffin-like box where she is forced to stay. Their goal is to keep her imprisoned until she delivers the baby. This is just so disgusting that it isn't horror fiction disgusting. There are plenty of things covered in fiction, but this is just too, too much. I do believe in the work of Jack Ketchum and its strength, but this one just isn't up there.

Avoid this, as well as the Leisure fiction pairing with "Old Flames."
