REVIEW OF BOOK MASTER STUDIES II BY JOE MORELLO DOWNLOAD

- This was probably the first book we read before getting our IG, and we found it very helpful. If you talk to a responsible breeder about IG's, they should tell you what you need to know about them. Also, one search on the internet and it will bring up the IGCA. We have several books related to IG's and this book is just fine. IG's definitely aren't the breed for everyone. And they aren't very hard to potty train, you just have to be willing to teach them.

- This book was very interesting. Not only did it talk about the Great Luftwaffe Aces but it described there Tactics & Techniques. Since I am into WWII air combat computer games, I picked up some very useful info on how to attack certain planes and the weakness of others. I would buy this book again!
