REVIEW OF BOWHUNTERS SYNDROME

- Nealy Clay Littletree accompanied by her new husband Hatch, returns to Blue Diamond Farms, currently run by her daughter Emmie Coleman. However, Nealy is disappointed with the poor conditions of the horse farm and appalled over the thoroughbred chosen to represent Blue Diamond at the Derby. Being a half owner along with Emmie, Nealy begins efforts to invigorate Blue Diamond into her the operation. Emmie resents her mother's cavalier attitude and interference. A rivalry that somewhat existed before Nealy's arrival with Emmie trying to outdo her mother's success explodes into full war between the two relatives. Ultimately, the business cannot go on like this and a final confrontation between mother and daughter over who runs Blue Diamond is imminent with their personal relationship on the line as well. The final tale of Fern Michaels' Kentucky trilogy is an exciting relationship drama that focuses on the poignancy of two women who love one another yet perhaps love the farm more. This leads to an unhealthy competition for top dog (horse?) in

what may prove to be a destructive relationship if they are not more sensitive to the other's feelings. The story line is typical of Ms. Michaels' extended Texas-Vegas-Kentucky orb and many of the same characters appear in this novel adding to the enjoyment of fans, but also takes a trots down a surprising track. Harriet Klausner

- Why do I say it's official? The reason is obvious enough... Why dependable? Well, you get the point... Why reasonable? I have both heard of and read about comments made on this Hanson Official Book and find that the majority of the people/fans find it appealing while some others would say that it does not provide much information...etc... In my opinion, yes, this book might not give the kind of information such as the size of Taylor's boxers, the kind of shampoo Isaac uses, or Zac's shoe size...just to name a few...(trust me, according to a lot of the fans, this is THE type of

info they have been trying to find...not that there is anything wrong with it, the curiosity is understandable...) but it does provide readers with a reasonably detailed look into what Hanson's earlier years have been like, revealing 'nothing but the truth' (am I in court?) about how Hanson has come to be the internationally known band, the music sensation, how Isaac, Taylor, and Zac feel about their success, and, you know, basically their insights on music (after all, this whole thing is supposed to be focused on music..."we're three guys who write, play and sing our music...That's what Hanson is..." said Taylor Hanson...That's what Hanson is about...and I feel that the book does make the point...) I enjoyed the book and think that as the content added to what I already knew about Hanson, it gave me a better idea of Ike, Tay, and Zac's background. It would not be a bad idea to have a 'Hanson biography II' some time in the future since there are so much going on in their lives...=)
