Don't give B up, ke A ep on E trying, B Y'all gonna make it, A I ain't ly E ing Don't give B up, A don't ever q E uit B Try and try and y A ou can d E o it Don't give B up (yeah) If you B want to ca A tch a ball But you're E having no lu F# ck at all. The B ball hits your head, it A hits your nose. It E hits your belly, your F# chin and toes.

FINAL THOUGHT

We wish you're as thrilled about the world of Dont Give Up Chords books as we are! Our store is dedicated to giving a remarkable reading experience for all. With our wide range of books, from new releases to timeless standards, there is something for everybody. Our dedication to customer fulfillment suggests that you can shop with confidence, understanding that your order is in great hands.

Do not fail to remember to connect with us and fellow publication fans in our lively community. Share your preferred reviews, participate in thoughtful discussions, and discover new literary prizes. And if you ever need aid locating the perfect book, our experienced team is right here to offer tailored recommendations.

REVIEW OF DONT GIVE UP CHORDS

- I used the previous Certification Guide to prepare for the #604-607 Exam in early 2003. I

succeeded in getting a 936, and I credit that book with helping me focus and review. This book is the latest edition, and the recommended book to use in review in the last weeks before the current CCNA Exam. I would advise all Exam hopefuls to take the wealth of material seriously! That means 'No Single Text' can take you through all 4 semesters-worth of the curriculum. What this book, and many others in the Cisco series do well is remind and focus you in on what Cisco (they publish the book and the test) expect you to know for the exam. So, if there is deep coverage of a subject you didn't consider important, you'd better bone up on that chapter. If there is scant coverage or no coverage of a subject, then maybe you should just review what the book shows, and spend the bulk of your time on other chapters. What the book does not do is take you from novice to CCNA level. THAT'S NOT IT'S PURPOSE. The writer expects you to be either:- in the industry with significant experience, and knowledgeable of the concepts and Cisco IOS, with access to Cisco equipment, needing a text to review, or- a Cisco Network Academy student, with access to Cisco equipment, and successful with the Academy curriculum, or- a student with other Networking knowledge that has access to Cisco equipment (or simulator) who wants to get Cisco's spin on what they believe they already know. In other words, don't think you can walk in from the street, pick up this book, and suddenly know all that you need to pass the test. However, IF YOU DO BUY ONE CISCO BOOK TO PREPARE FOR THE CCNA EXAM, IT SHOULD BE THIS ONE! Purchase it as close to the exam date as you can.

- I don't get it. This book is supposed to be a classic of the horror genre. Just about everyone agrees on that point. The negative reviews stick out like sore thumbs. Well, here's another sore thumb. The premise is great. An evil carnival comes to town and preys on the emotional and spiritual weaknesses of the residents. The problem is that the story gets lost in the enigmatic writing style that Bradbury chose for this book. Half the time, I didn't really know what was going on. Maybe I'm missing something. If I am, I'm missing it by a mile.
