REVIEW OF OXFORD PICTURE DICTIONARY FOR THE CONTENT AREAS

• Matilda, is a book written mainly for children and thus much of it is not quite possible. In other words, the book lets your imagination run wild. An example would be the nasty Trunchbull who took hold of a child by his hair, lifted him up into the air and flung him straight out of the window just because he was eating chocolates in class! And it would be a Guinness world record if a child like Matilda could read books like Shakespeare! So in that way this book, mainly for children is just for stretching your imagination like a rubber band. Roald Dahl has made every single character in this book marvellously exciting but that is probably the only similarity between them. All the characters have their own unique personalities. For example, I will compare Miss Honey with Mrs. Wormwood. Miss Honey is a school teacher who was very startled by Matilda's brilliance on her very first day at school. Mrs. Wormwood, Matilda's mother, on the other hand was absolutely not interested in education or Matilda. Her opinion was that "A girl should think about making herself look attractive so that she can get a good husband later on. Looks is more important than books," By reading this you can see how totally different each character is. My favourite character in the book is Matilda who is a genius and a child prodigy. In Roald Dahl's words "

...extraordinary, and by that I mean sensitive and brilliant. ...Her mind was so nimble and she was so quick to learn that her ability should have been obvious to the most half-witted of parents.' The parts where she takes revenge on her parents for treating her badly are full of suspense. I would recommend this book to my friends as I have thoroughly enjoyed this book.

- I'm an editor, have a degree in English literature, and lived in Mexico and in the Southwest for 20 years. Latin American literature is often whimsical.

Not necessarily magical, but definitely more than factual. Allende does a really wonderful job of introducing readers to both the entertaining quirks and the political nightmares of life in South America, which has about as much in common with Spain as it has with South Phoenix. Not much. Isabelle Allende is a great writer. She conveys the terror and joys of life in a unique way that makes you see how one might learn to abide with them, yet without minimizing their horrible or wonderful impact. I can definitely understand how one might not enjoy her work, as it's very different from mainstream fiction, but to say that she's not a good writer is less than intelligent.
