Whether you're a pupil, professional, or merely interested, our PDF downloads supply valuable educational resources that can enhance your understanding and understanding of different

topics. By discovering our extensive collection, you can increase your learning and research endeavors and boost your understanding of the globe around you.

So why wait? Beginning downloading **To Kill A Mockingbird** and begin discovering our collection today and unlock a world of knowledge within your reaches. Whether you're seeking to expand your perspectives or carry out research study, our uncomplicated and free service is here to sustain you every action of the method.

REVIEW OF TO KILL A MOCKINGBIRD

- Soldier X, by Don Wulffson takes place during World War II. The main character, Erik Brandt is fifteen years old, turning 16 when he is drafted to fight for the German army. Soon after being drafted he received his mission briefings, and was sent to re-supply, and reinforce the 15th Rifle Corps of the Forth division at Tarnapol. Once he arrives, he is sent down to the front lines. Here, a day later the Russians broke through the lines, and took over the fort. Erik was badly wounded, but since he knew how to speak Russian fluently, he dressed in a Russian uniform and went over to the Russian soldiers. He was then taken to a makeshift hospital where he regained his health and eventually fell in love with a nurse by the name of Tamara. At the hospital, Tamara also finds out that Erik is German. Soon, the war's fighting comes into the city, and the hospital is forced to evacuate. One of the trucks

taking the wounded is destroyed by a rocket shell, and because of this Erik, Tamara, Tamara's stepmother Zoya, and a soldier assigned to guard the hospital. During the attack of the city, both Zoya and the Soldier were killed by mortar fire, and just Erik and Tamara had to survive wandering through the forests of Russian, Germany, and Czechoslovakia. They decided that they wanted to go live in America. While traveling through Germany, they encountered a large German platoon that was supposed to stop the Russian offensive. After escaping the platoon, they came accross a town where American soldiers were positioned. The soldiers biacidentally shot Erik and Tamara, and took them to an American hospital. After partially recovering, both Erik and Tamara are reunited, and as the book comes to an end; Tamara begins to cry, and looks past Erik being German. I would recommend Soldier X to teens, and adults of all ages. The intensity of the story allows you to become a part of World War II, and I truly believe that it gives new meaning and insight to the actual events that took place during the war.

- TREASURE ISLAND is quite simply *the* classic pirate story. It is a supremely enjoyable read, an adventure tale with danger, mystery, suspense, and travel to exotic places--not to mention pirates!Robert Louis Stevenson's TREASURE ISLAND tells of the coming of age of the boy Jim Hawkins, the son of innkeepers. One day, Jim's parents take on a strange boarder, the "captain," later revealed to be a pirate mate, Billy Bones. The "captain" kept in his room a chest within which, it is revealed after his death, there is a treasure map indicating gold and silver buried on a deserted island. Jim takes the map to the local physician, Doctor Livesey,

and the squire John Trelawney. Spurred to action, Trelawney secures a ship, the *Hispaniola*, which is captained by Alexander Smolletts. He invites Livesey to serve as ship's surgeon and Jim as cabin boy. Trelawney also hires the crew--most of whom turn out to be pirates associated with the treasure map's original owner, Captain Flint. The pirates are led by the ship's cook, Long John Silver, a wily, one-legged, parrot-bedecked, opportunistic pirate chief. (Stevenson's Long John Silver profoundly shaped later popular pirate lore.) The pirates intend to kill the captain, squire, doctor, and Jim on the return voyage after having found the buried treasure. What follows is Jim's adventure of a lifetime. Though intended to be a story for youth, *TREASURE ISLAND*'s nineteenth-century language, particularly the patois of the sea dogs, will challenge readers under ten. Amusingly, it

sometimes also challenges Jim Hawkins, who can't always follow what the pirates are saying. Though the language at times may be difficult, the suspense of the tale will keep propelling readers forward to its exciting and satisfying end. This "Whole Story" edition is lavishly illustrated with color drawings based on the story. There are also pages devoted to types of sailing vessels, sails, knots, compasses and other nautical stuff. The book also includes a number of sidebar-like illustrated fun facts about pirates and other things only tangentially related to the story. In fact, I often found the additional material not terribly germane and sometimes intrusive and distracting. Still, it makes for a handsome gift book. One simply interested in reading this ripping yarn might choose an edition with simple illustrations or no illustrations at all, save for Stevenson's treasure map.
