REVIEW OF ALFA ROMEO 159 JTDM MANUAL

- What I found interesting was the fact that Native Americans had been fighting each other long before the Pilgrims came to the United States. Most American histories start with the early settlers and do not take in account what is going on with the Native Americans. I found this book to be very detailed in this area. The author has done what American history books fail to do and then some.
- The fast food for web developers, A MUST HAVE!! This is yet another indispensable book in the Pocket Reference series. As with all of the other Pocket books this is best for people who have basic knowledge with subject matter (in this case HTML). However, if you are not familiar with the subject matter, the publisher of this series puts out the Definitive Guide series as well which works hand in hand with the Pocket sized version. I have the HTML, XML, JavaScript and CSS pocket references, which always sit close by when I'm at work.
