With these pointers, you can locate the best Charles Trenet Paroles De Ses Chansons Accueil Paroles book summaries for your interests and preferences. Pleased reading!

REVIEW OF CHARLES TRENET PAROLES DE SES CHANSONS ACCUEIL PAROLES

- People are giving the book low reviews for it being "racist", using cliches...well guess what, that's the way it is. I attend a boarding school, ISL but I wont name names, and the casual way of referring to those stereotypes does exist, and minorities at schools like these often seem to fall into line - the amazing black guy everyone is impressed by but are actually more impressed with being impressed by a black guy, the latino girls here are loud and stick with themselves (dont jump all over me, I'm not saying all are), and the korean students I know, and this is saying nothing against them, do keep unfamiliar food in their room that often has a pungent odor. The racist generalizations are treated

so lightly in the book because thats the way they are treated at school. And I'm not saying its good, what she describes, but I've never seen a truer picture painted then prep. I could see everything they said in the fine old institution I attend. There are observations and feelings in there that I think, also having been to public school, it would be impossible for others to conjure up. when she realizes that "outside Ault, people were fat, or wore brown ties, or seemed grouchy" is something i myself have thought when i leave campus and wander into a walmart - it is the perfect depiction of that bubble of a world, where money is everything but never spoken of, and where the guidebook to the school is just infuriating, because those khakied boys on the lawn arent the WASP-y angels they seem - they DO get smashed and go skinny dipping in the hotels on parents weekend, or slip into anothers dorm for completely hallow sex...it happens all the time. It does not exaggerate, it does not sentimentalize, except for when it depicts the same baseless nostalgia i feel now, approaching my graduation. so its not a literary classic, but if you want to see what that fabled world of tradition and wealth and wasted privelege is like...read it.

- I have been working my way through the classics on my commute and I picked up this audio book because of the good reviews and I have always enjoyed satire. It turns out that I was very pleased with both the content of the novel and the reader of the audio book. The audio book was narrated by Frederick Davidson, who has done many classic novels and always does a good job. He has a British accent that has the perfect tinge of sarcasm for a novel like this. He did an excellent job with having

a different voice for each character and this helped me follow the novel and distinguish easily who was talking. The voice he used for the father was especially good and sounded like the uptight, unfeeling minister that he was. I feel that the novel deserves to be on the many lists of classics that it is on. It truly is a great satirical work of fiction and it effectively pokes at many of the

institutions in Victorian England. I also liked how he pointed out many truths while he was poking fun. I found myself agreeing with many of the points he brought up and sometimes I noted flaws in his characters that I have myself. This novel taught me about human nature and interaction as a great novel should. I highly recommend this book and audio book.
