## **REVIEW OF MODERN PROBABILITY THEORY B R BHATT MAHESY**

- i couldn't listen to this book because the woman reading it has such a screechy horrible voice so i can give no review of the actual book but whatever you do try to find a version with a different reader if you're into audio books
- This is a good book. It is very thorough and touches many topics. It's a must read. It doesn't matter if you are single, dating, or married. The author gives some great pointers
