amazing literary adventures through the easy act of downloading and install Historical Dictionary Of Medieval Russia. Pleased analysis!

REVIEW OF HISTORICAL DICTIONARY OF MEDIEVAL RUSSIA

- I was entertained throughout the book with orwell's vision of the future. Though I was unable to accept the ending. I was not convinced that Winston truly loved Big Brother. I felt that there was too much time skipped over and not enough leading up to his revelation.
- In a terrifying atmosphere of totalitarianism, Winston meets Julia, and a romance begins. What follows is a description of the triumph of human

depravity. The government, which seeks power for its own sake, destroys any human relationship that can be interpreted as a conflict of loyalty. Everybody must be made to love Big Brother, even if the cost of this love is the loss of dignity, freedom, and common sense. Based on Stalinist Russia, Orwell's novel certainly has broader implications and is a warning against complacently accepting what is being presented to us as real by the powers that be. The book starts slowly. Orwell tries to set an ominous mood for his readers. Unfortunately, Orwell is best

when he does not try to write around too much and goes straight to the point. So I recommend that you press on, even if at the outset the book is not terribly exciting. You won't find many characters in this book, but those you do find are done pretty well by Orwell. The thrust of the book is, of course, social and political. It makes you think. For example, why can't something like this really happen, let's say in 2084? The answer to this, in my opinion, is not simple. Orwell gave us a warning. We would be fools not to heed it.
