REVIEW OF EXCEL FOR BUSINESS MATH SPEEDY PUBLISHING

- This book is the ultimate revenge story. Sure Gillian is superficial but shes had a rough life and

deserves to have her chance to shine in the spotlight. And all those readers who do not feel it fit in with the Night World must not have been very observant cuz her place in the Night World was hinted at quite a lot. And she does go to a witches store and she also trys to get in the black iris club once...besides it would be to formulaic if each book was wrapped tightly inside the Night World...each books show different levels of impact the Night World has...plus like all the nightworld

books...this deals with a certain kinda topic...Secret Vampire was a girl who was dying and needed to be changed to live...soulmate covered reicarnation and this book delt with a near life experience. Its not the best of the series but its high up there on my list at least.

- This is the real story behind the movie. This story is more compelling than anything Hollywood could make up.
