## **REVIEW OF PRACTICAL PHYSICS R K SHUKLA GOOGLE BOOKS**

- To consume: to exhaust, to pillage, to lay waste, to destroy. This is how Samuel Johnson defined the word so many years ago in his dictionary. And here we are - a nation of the most "consuming" people in the world. The government, the corporations, the advertisers and the media seldom even bother to call us "citizens" anymore. We are now just "consumers". And all of our purchases have made us the happiest people on earth, right? This book addresses the symptoms, the causes

and the treatment for AFFLUENZA - a "disease" resulting from overconsumption. It takes a good, hard look at what our addiction to "things" is doing to our lives and the lives of our families; to our culture and our communities, and to our planet. The authors provide some good suggestions at the end of the book for overcoming AFFLUENZA - or if not overcoming - at least for beginning the process of healing. Some ideas such as simplifying our lifestyles and starting community groups to share ideas and assist one another are within our reach. Other ideas though, such as flexible work reduction and work sharing, while honorable goals will take more time.

When people are working two or three jobs just to survive, and under the current political leadership, the dream of more leisure time is still a long way off. There is a lot to this book. It could change your life. I should also add that I enjoyed the illustrations by David Horsey.

- How wonderful it is, as a result of Brokaw's first book, that so many communication barriers have broken down and that so many people have shared their previously untold stories with us. I was moved beyond words by so many of these first-hand accounts. As a 47 year-old daughter of a WWII veteran who has never spoken of his wartime experiences, Brokaw's books have provided me with a deeper

respect for and before. Thank you,  
understanding of my Tom Brokaw, for  
dad. This past contributing so  
November I viewed significantly to our  
Veterans Day in a way appreciation of this  
I had never done generation.
