Join our neighborhood today and start your trip right into the world of literature with easy downloads of all your preferred books like **Learn C Design Patterns Step By Step In 8 Hours Youtube!**

REVIEW OF LEARN C DESIGN PATTERNS STEP BY STEP IN 8 HOURS YOUTUBE

- I've been an esperantist for more than 20 years and a teacher of modern languages for a lot longer than that. Thisbook is the best direct language book I've seen in any language.I have only three problems with it. While I know enough about Szilagyι to know he wasn't a bigot, the 1930's style ethnic humor used in two or three places in the book could definitely give offense today. The second is that the grammar notes and pronunciation guides are modest. The other is that the reading material in the back of the book is skimpy and, again, dated. If anyone ever had the desire to issue a text book of Esperanto they could do a lot worse than to update this one.If you're interested in Esperanto you can find an amazing amount on the web. Just type Esperanto into your search engine and you'll see it is far from a dead language.

- The story is about two guys that are working together as ranch workers. They go around from job to job trying to build up a stake. One of the main characters is George. George is a small, strong man, with a keen eye, and a stolid expression. The other main character is Lennie. Lennie is a tall clumsy man, but at the same time he is strong as an ox. He has a sort of childish behavior and no sense of self-control. Everywhere they went, Lennie seemed to get into trouble with someone. It seemed that Lennie's lack of self-control would force both Lennie and George to quit their jobs early and try to find work elsewhere.I think that if I had to relate myself to one of the characters it would have to be George. I think George and I have a lot in common, we both are always trying to solve other people's problems instead of our own. I usually do things that other people want first and what I want to do second. I also think the same way George does. We both have a dream of one day owning land and not having to pay rent on it. I too would one day like to like to not have to work for some one else. To be able to step outside and look as far as I could see and know that it is all mine.I really enjoyed the book. I think that the message of being loyal to your friends is a solid one that will never fade away. I enjoyed just being able to lay back and read about what trouble Lennie was going to get into next. My favorite part was the big fight between Lennie and Curley. I think that that fight had a lot of action and really made the book interesting to read, but at the same time kept it within reason so I wasn't disgusted by it. I really don't think there is any part that I didn't like in the book. I don't think that I would change any part of it if I had the chance to. The book was written so well that changing any part of it would alter the whole story.I would recommend this book to students in high school. It has some bad language and a little bit of adult content, but I think that students at that age can fully understand the story and really appreciate its message. I think that anybody with a small sense of humor and a good sense of adventure would really enjoy this book.
