participate in thoughtful conversations, and discover new literary treasures. And if you ever require aid locating the perfect publication, our experienced staff is here to give tailored suggestions.

## REVIEW OF BIOLOGICAL DIVERSITY AND CONSERVATION WORKSHEET ANSWERS

- The back cover states "Thoroughly updated for it's Fourth Edition". Not true. The only difference between this and the 3rd edition is that the three Clinical Problem sets at the back of the 3rd edition (pages 347-383) have been replaced by a set of additional questions

called the Maintenance of Certification Primer (pages 345-375). In the first 345 pages there may be a few questions that have changed between the 2 editions but I haven't found one yet - even chapter 7, the Pictorial Atlas, is unchanged. And I suspect the same will be true for the 4 online practice exams. Bottom line - buy the 3rd edition used for about \$2 and save yourself \$60. Still, this book is ok for FP boards as is Swanson's.

- I would like this "author" to please re-write the bible as he is the self appointed

enlightened one. We all need to re-invent christianity, and doctrinal truths as he would have everyone believe the bible is not worth the paper it is written on. I am not a fan of mega churches. I am not for man made religious rituals that replace the teachings of our Lord, Jesus the Christ. However, this is simply the same message that has been biting back against truth for centuries. The bible is not true, Jesus did not do or say what the bible says he did. Hmm, reminds me of the serpent in Genesis. God is a liar according to him.
