The Lady in Blue The Magic Circle

America has dropped atomic bombs on Hiroshima and Nagasaki. But Japan has only begun to fight. . . . In 1945, history has reached a turning point. A terrible new weapon has been unleashed. Japan has no choice but to surrender. But instead, the unthinkable occurs. With their nation burned and shattered, Japanese fanatics set in motion a horrifying endgame—their aim: to take America down with them. In Robert Conroy's brilliantly imagined epic tale of World War II, Emperor Hirohito's capitulation is hijacked by extremists and a weary United States is forced to invade Japan as a last step in a war that has already cost so many lives. As the Japanese lash out with tactics that no one has ever faced before—from POWs used as human shields to a rain of kamikaze attacks that take out the highest-value target in the Pacific command—the invasion's success is suddenly in doubt. As America's streets erupt in rioting, history will turn on the acts of a few key players from the fiery front lines to the halls of Washington to the shadowy realm of espionage, while a mortally wounded enemy becomes the greatest danger of all. Praise for Robert Conroy's 1901 "Likely to please both military history and alternative history buffs . . . The writing . . . keeps us turning the pages." —Booklist "Fascinating . . . skillfully crafted." —Oakland Press "Packed with action." —Detroit News

"A dynamic story line that grips from the first chapter and doesn't let go." —Midwest Book Review, Diane Donovan (regarding *Once Gone*) "A masterpiece of thriller and mystery! The author did a magnificent job developing characters with a psychological side that is so well described that we feel inside their minds, follow their fears and cheer for their success. The plot is very intelligent and will keep you entertained throughout the book. Full of twists, this book will keep you awake until the turn of the last page." —Books and Movie Reviews, Roberto Mattos (re *Once Gone*) Women are turning up dead in the rural outskirts of Virginia, killed in grotesque ways, and when the FBI is called in, they are stumped. Conor Creighton came out of the womb chewing his fingernails. A chaotic childhood saw his default mode set to 'generally miserable', so he left home at 17, vowing never to return. The ensuing decades of disorder resulted in chronic anxiety. At rock bottom, he signed up for a ten-day silent meditation retreat. It was hell. His legs ached. His butt felt like it was on fire. His mind

threw at him a never-ending collage of regrets, wants and realisations. Then, suddenly, for the first time in nearly twenty years, he felt calm as relief and, eventually, joy washed over him. He learned that meditation has just one goal: to recognise that this is it. There is nothing else. No desire to get anywhere or change or improve anything. When Conor stopped trying to get somewhere or 'be someone' and realised that this, and this alone, is it, his anxiety abated, he learned to like himself and he discovered that he might even be happy. By remembering that 'this is it' in uncomfortable times and in comfortable times, your life can become a lot like meditation. In this highly entertaining, refreshingly honest memoir and meditation guide, you'll discover how.

A fabulous, bejeweled chess set that belonged to Charlemagne has been buried in a Pyrenees abbey for a thousand years. As the bloody French Revolution rages in Paris, the nuns dig it up and scatter its pieces across the globe because, when united, the set contains a secret power that could topple civilizations. To keep the set from falling into the wrong hands, two novices, Valentine and Mireille, embark on an adventure that begins in the streets of Paris and leads to Russia, Egypt, Corsica, and into the heart of the Algerian Sahara. Two hundred years later, while on assignment in Algeria, computer expert Catherine Velis finds herself drawn unwillingly into the deadly "Game" still swirling around the legendary chess set—a game that will require her to risk her life and match wits with diabolical forces. An immensely practical, hands-on journey through the techniques of the most radical mystical figure of the last century, Neville Goddard, who taught that your mind is God. This fresh take from a powerful new voice appeals to the growing audience around Neville. "According to Neville, there is only one power in the

universe out of which all things emanate. Not a 'good' source and a separate 'evil' one, but one universal source bending in obedience to the creative will of men and women everywhere. The how remains a mystery; but this eternal fact is nonetheless true. As soon as I was able to feel and accept this to be true, I was free." --Katherine Jegede Growing up in London, Katherine Jegede was always searching for a philosophy to make sense of life. When she found the mind-as-creator philosophy of Neville Goddard, she thought she had found it. Falling victim to a terrible crime, however, caused Jegede to rethink everything she thought she knew. Rather than abandoning Neville's ideas, however, she discovered within them a new source of strength and fortitude. She not only rebounded from her crisis, but also used Neville's creative-mind principles to become a television presenter, something she had never before imagined possible. In this primer and introduction to Neville's methods, Jegede powerfully guides the reader through his techniques--and explains how to apply them, now, in your life.

Last Days (winner of the British Fantasy Award for Best Horror Novel of the Year) by Adam Nevill is a Blair Witch style novel in which a documentary film-maker undertakes the investigation of a dangerous cult—with creepy consequences. When guerrilla documentary maker, Kyle Freeman, is asked to shoot a film on the notorious cult known as the Temple of the Last Days, it appears his prayers have been answered. Kyle's brief is to explore the paranormal myths surrounding an organization that became a testament to paranoia, murderous rage, and occult rituals. The shoot's locations take him to the cult's first temple in London, an abandoned farm in France, and a derelict copper mine in the Arizonan desert where The Temple of the Last Days met its bloody end. But when he interviews those involved in the case, those who haven't broken silence in decades, a series of uncanny events plague the shoots. Troubling out-of-body experiences, nocturnal visitations, the sudden demise of their interviewees and the discovery of ghastly artifacts in their room make Kyle question what exactly it is the cult managed to awaken - and what is its interest in him?

REVIEW OF THE MAGIC CIRCLE KATHERINE NEVILLE

- This was a good read, I'm anticipating reading the other five books(The Curtis Black Series).
- I have not, in a long time, been able to sit down and read a book of 300 pages. "Casting the First Stone" was very exciting and I felt like a major part of Tanya's life. I enjoyed how the author portrayed each of the characters and the church. For the past three years I have not been a member of any church, because of the Curtis' that exist. I believe that if I were to write a book today, it would be entitled "And Let the Truth Be Told" focusing on today's Black churches and the powers within. I enjoyed the writer's book because she used stores and places that I could relate to today. I am planning to read her other books, but I hope that they will not have the same story line. But I like enjoying what was going to happen every minute that I read the book. Roby, keep up the good work.
