REVIEW OF BAPAK VS MENANTU KOLEKSI VIDEO LUCAH

- if there is ever a person i feel sorry for: it's Pip. we have all looked up to the pretty girl (or boy) at school, and had that utter pain of knowing that it is impossible. pip is the patron saint of the

rejected male. i have two problems with this book: one is the deus ex machina-esque conclusion in the final 50 pages, where everything falls into place. when i say everything falls into place, i don't mean neatly. the ending is anti-climatic and pensively moody. but things seem to work out in a weird way that i have some problems with secondly- the whole plot of the book is one whole huge coincidence. with that said... i didn't mind the two faults whatsoever. there are few books that i have enjoyed so thoroughly as GE. anyone that has read Dickens in the past already knows about his prowess as a writer. and for people who have yet to read him (or highschool students who have just recieved their copy of GE, with a frown) will realize why he has remained contemporary, and still enjoyed. when i was in highschool, and i had to read a tale of two cities... my teacher exhausted the book, going over every minute symbol that was in it... in the end, it bored me. so, with that said, i love two cities regardless cause i read it independantly, and enjoyed it on my own pace. i recomend to all highschool studends to read the book at their own pace and bugger what your teacher tells you (yeah, i'm a good rolemodel). school tends to destroy great works of literature, don't fall into the trap.... whooops i thought this was a book review... great book, beautiful characters, a classic and well worth 5 stars... nuff said (i shed a tear or two at the end)

- I am making my way through Charles Dickens... not in any particular order... the first few I've picked are mostly familiar through TV or film adaptations that I've enjoyed and/or on the recommendations of friends. "Bleak House" was my first read, finished last month. "Great Expectations" is my second read. What

can I say? I am just so enamored with Dickens's story-telling and character development that I have a fear that when I am done reading his canon I'll have to declare a 13-way tie for first place. We'll see. Between Bleak House and Great Expectations I *almost have a two-way tie for first place, in no small part because they are such different types of books...Bleak House was a universe of characters and subplots; Great Expectations fewer characters and not as much intrigue, although the last 1/4 to 1/3 of the book is riveting. And some good comedy also. But I am going to put GE at #1 and BH at #2...while I loved Bleak House as I read it, and have a few favorite characters, "Great Expectations" will *stay with me* much much longer I think...Bleak House is brilliant (really brilliant) for its commentary on the period and for its settings and for its intricacies; Great Expectations is brilliant because it is simple and timeless. I'm not nearly vain or clever enough to think I'm the first to recognize this, but three neat things about Great Expectations are: 1) it's a novel which illustrates the old warning "Be Careful What You Wish For...", 2) it is the complete opposite of "Catcher in the Rye" - an earnest, non-cynical first-person narrator who meets so much kindness along the way, and fewer "phonies" (although there are a few),

and 3) it's such a personal novel that anyone who dares wonder what they could possibly learn about human nature by reading such an "old" book NEEDS to read it for that very reason. The characters are just so memorable...if I had to pick a favorite, I think it would be Wemmick...you probably work with him and don't even know it: he's the man (or woman) who is competent at work, works for an insufferable boss, and has a completely different home life than work life. His care of "The Aged" is a remarkable example for any of us in caring for our parents. The love stories are also very touching - especially the ones that turn out for the best...but no spoilers in this review. And the story of Pip's unrequited love is so true to life...and although I think it would have been worse for Pip to lose Estella had she been more than just beautiful outside but also beautiful inside, Dickens wrote beautifully and agonizingly of the highs and lows associated with unrequited love as only one who has experienced it can truly identify. One of the worst and most painful aspects is not the fact that you aren't chosen but that they chose *that* person. And all you can think is: anybody...anybody but *them*. A memorable book and must reading. Now on to another Dickens novel! :-)
