### REVIEW OF ALARM VALVE FIRE SAFETY UAE NATIONAL FIRE FIGHTING

- In 40 years I have read the Foundation trilogy multiple times. Each time is just as intense as the first, if not more. This series was a classic then and still is now. "Hari Seldon crises" and "psychohistory" have been a part of my vocabulary for 40 years. Not bad for fiction.
- The Foundation trilogy is the best work of science fiction I have ever read. Put it at the top of your list. Note that the books following the 3rd were written later, and do not share the same stature as the first three, although they are enjoyable reading.
