## REVIEW OF SOLUTIONS MANAGERIAL ACCOUNTING 14TH EDITION CH11

- Shame on me for just discovering this woman! Erica Jong, you are a genius!!!! This book has just enough imagination and fiction that it reads like a dreamers' story of love/passion. Yet there is so much psychology involved to explain why people do what they do. Throughout the book I am Isadore Wing, I'm not Isadore Wing, I understand Isadore Wing, I have no clue who Isadore is. This character reminds me of me 25 years ago...but I forgot. And then at the end of the book, we are the same. I can't wait to read every single book Erica Jong has ever written. Lead on, Ms Jong! I am your follower :)

- Fuse has written a book all about one of her favorite areas of origami: modular creations. Modular origami is created when you fold multiple copies of the same unit and then work them together to create a larger model. It looks gorgeous, but can be very time consuming and frustrating if your model is made of 60 units. I like this book alot, but it is clear that Fuse's ability to fold is light years beyond mine. Still, she always gives clear directions and diagrams so that if you are patient you can make gorgeous models.
