REVIEW OF DAWN SHADOWS OF THE VOID SPACE OPERA SERIAL BOOK 3

- When a plane carrying a bunch of school boys crashes into an uninhabited Island, the pilot is killed and the young boys are left to fend for themselves. Immediately two leaders arise. The democrat (Ralph) and the dictator (Jack), the traits that the boys portray and the way all of the boys on the island treat each other is very much a microcosm of the society and world of America and Nazi Germany in WWII. Another bit of symbolism is with the Bible and the idea of the character Simon as a Christ figure. He is the prophet throughout the book. He warns the boys that the beast they all fear on the island is really the inherent evil of man within them, not something you can hunt and kill. He confronts the lord of the flies (a pigs head on a stick), and though he is threatened, he goes back to

the boys to warn them that the beast is really them. He gives his life to preach this truth. Also the comparison of Jack with the serpent, he lures the boys away with promises of fun times and food, but he really leads them into sins like murder and greed. I think that this is a great literary classic, and has much to teach and understand in it. No matter which way you take it this is a must read for all classic literature lovers.

- I have just finished reading this book, and I must admit, it is one of the best so called "classics" that I have read. The really amazing thing about the book is that it is about a bunch of school boys, and as you begin the story, you realize and accept this fact. But as the story progressed, I found myself not seeing them as children anymore, but as adults..caught up in a life and death struggle for survival, and their sanity. This revelation comes at you startlingly at the end of the book. (Don't worry, I won't ruin it for you!). Although it is at times hard to follow, because it is told through the eyes of children (I never did fully figure out what "creepers" are!). it is a wonderful read, and one I highly recommend.
