Praise for Merchant of Death "A riveting investigation of the world's most notorious arms dealer--a page-turner that digs deep into the amazing, murky story of Viktor Bout. Farah and Braun have exposed the inner workings of one of the world's most secretive businesses--the international arms trade." —Peter L. Bergen, author of *The Osama bin Laden I Know* "Viktor Bout is like Osama bin Laden: a major target of U.S. intelligence officials who time and again gets away. Farah and Braun have skillfully documented how this notorious arms dealer has stoked violence around the world and thwarted international sanctions. Even more appalling, they show how Bout ended up getting millions of dollars in U.S. government money to assist the war in Iraq. A truly impressive piece of investigative reporting." —Michael Isikoff, coauthor of *Hubris: The Inside Story of Spin, Scandal, and the Selling of the Iraq War* "Douglas Farah and Stephen Braun are two of the toughest investigative reporters in the country. This is an important book about a hidden world of gunrunning and profiteering in some of the world's poorest countries." —Steve Coll, author of *Ghost Wars: The Secret History of the CIA, Afghanistan, and bin Laden, from the Soviet Invasion to September 10, 2001* "In Merchant of Death, two of America's finest reporters have performed a major public service, turning over the right rocks that reveal the brutal international arms business at the dawn of the twenty-first century. In Viktor Bout, they have given us a new Lord of War, a man who knows no side but his own, and who has a knack for turning up in every war zone just in time to turn a profit. As Farah and Braun uncover and document his troubling role in the Bush Administration's Global War on Terror, his ties to Washington almost seem inevitable." —James Risen, author of *State of War: The Secret History of the CIA and the Bush Administration* "An extraordinary and timely piece of investigative reporting, Merchant of Death is also a vividly compelling read. The true story of Viktor Bout, a sociopathic Russian gunrunner who has supplied weapons for use in some of the most gruesome conflicts of modern times--and who can count amongst his clients both the former Taliban regime in Afghanistan and the U.S. military in Iraq--is a stomach-churning indictment of the policy failures and moral contradictions of the world's most powerful governments, including that of the United States." —Jon Lee Anderson, author of *The Fall of Baghdad* Two respected journalists tell the incredible story of Viktor Bout, the Russian weapons supplier whose global network has changed the way modern warfare is fought. Bout's vast enterprise of guns, planes, and money has fueled internecine slaughter in Africa and aided both militant Islamic fanatics in Afghanistan and the American military in Iraq. This book combines spy thrills with crucial insights on the shortcomings of a U.S. foreign policy that fails to confront the lucrative and lethal arms trade that erodes global security.

REVIEW OF THE MERCHANT OF DEATH PENDRAGON 1 DJ MACHALE

• "Face of a Stranger," a British mystery, is first in the series of historical novels about William Monk, a British Victorian-era policeman stationed in London, then, thanks to air pollution, the Big Smoke. It is written by Anne Perry, veteran prolific author of 14 further William Monk novels, also the popular Thomas and Charlotte Pitt novels, as well as series on World War I and Christmas. Perry is surely one of the most unusual of mystery novelists, as she is, herself, a convicted murderer. She was born Juliet Hulme, in England, in 1938, daughter of Dr. Henry Hulme, a physicist. As she was diagnosed with tuberculosis, she was sent by her family to the Caribbean and South Africa, in search of healthier climes. She rejoined her family when her father took a position as rector of the University of Canterbury in New Zealand. There she became extremely close friends with another teenager, Pauline Parker; the two girls brutally murdered Parker's mother in an extremely famous case, filmed in 1994 as *Heavenly Creatures*, (in which, I believe, the teenage Kate Winslet made her film debut, playing Hulme.) The girls were underage, and so were sentenced to incarceration at the discretion of the Minister of Justice, which proved to be for five years each. After she was released from prison, Hulme returned to England to become a flight attendant; she then settled in the United States, and finally Scotland, where she apparently still lives. The *Cleveland Plain Dealer* has said that "her grasp of Victorian character and conscience still astonishes," and any reader must concur. She renders not only an extremely accurate account of the period, and its mores, but a passionate one, as regards the torment of the poor. For make no mistake, only a lucky few lived in the comfortable, easy "Masterpiece Theatre" style we have come to take for granted; and, furthermore, only a lucky few were able to find positions as domestic servants to these people, and to benefit even a little from their comfort. The rest of the population lived short and miserable lives, in overcrowded, starved, diseased conditions; and William Monk, Perry's detective, is very aware of the dichotomy, and angered by it. Moreover, Perry sets the book during Britain's famed Crimean war: remember that classic poem, "The Charge of the Light Brigade," by William Simpson? Well, British generalship at that war was extremely hidebound, and inadequate, and there never should have been a charge of the Light Brigade. In addition, conditions there for man and beast were so terrible as to bring the legendary Florence Nightingale, and her cadre of devoted nurses to the scene; to attempt to care for the wounded in a decent and sanitary way. And Perry has generously given us an interesting character, the proto feminist Hester Latterly, as a nurse who was there working with Nightingale, and witnessed it all. Well, it does occur to me, some of you may like this tough-minded history less than I do...The book is, of course, a mystery. William Monk comes to in a filthy London hospital after a head injury received in a serious accident; he has amnesia, and no idea who he is. Until his supervisor Runcorn shows up to tell him, and assigns him a recent case: the brutal murder of Major the Honorable Joscelin Grey, younger brother of the nobility, a popular man about town, and injured Crimean War veteran. "Face of a Stranger" is excellently done, well-written in plot, dialog, narrative, and nature description. I was initially annoyed by the over-used amnesia plot device, but have never seen it better handled, and am impressed by the

writer's inventiveness - she is able to offer us several convincing scenarios as to what may have happened. Seems to me it's worth getting to know Victorian-era detective William Monk better.

- Love concurs all!!....Well least thats my opinion with this book....Being taught to love and realizing you need that love is what this book is about....
