[Revolution of the Mind](#) Welcome Rain

The author retraces Rimbaud's journey into Abyssinia, modern-day Ethiopia, where the poet disappeared for the last decade of his life, and presents his findings about Rimbaud's interaction with the native people

A&C Black

Arthur Rimbaud is remembered as much for his volatile personality and tumultuous life as he is for his writings, most of which he produced before the age of eighteen. This book brings together his poetry, prose, and letters, including "The Drunken Boat," "The Orphans' New Year," "After the Flood," and "A Season in Hell," considered by many to be his. Complete Works is divided into eight "seasons"--Childhood, The Open Road, War, The Tormented Heart, The Visionary, The Damned Soul, A Few Belated Cowardices, and The Man with the Wind at His Heels--that reflect the facets of Rimbaud's life. Insightful commentary by translator and editor Paul Schmidt reveals the courage, vision, and imagination of Rimbaud's poetry and sheds light on one of the most enigmatic figures in letters.

*Presence of an Enigma* Weidenfeld & Nicolson

Graham Robb's brilliant biography moves Rimbaud on from his perpetual adolescence where our imaginations have held him to show the extent of his transformations. From phenomenally precocious schoolboy he became Europe's most shocking and exhilarating poet, author of poems that range from the exquisite to the obscene. But this brief, five-year period as the enfant-terrible of French literature is only one small side of Rimbaud's story. Robb takes us on a biographical journey through three continents and many different identities. Rimbaud emerges from this stunning work of biographical scholarship and historical imagination as an even more complex, ambiguous and fascinating figure than ever before.

**Inside a Pearl** Modern Library

Presents a new translation and a revised chronology along with a sketch of the poet's life.

[The Discovery of Middle Earth: Mapping the Lost World of the Celts](#) Modern Library

Aptly described by playwright Eugene Ionesco as one of the four or five great reformers of modern thought, Andre Breton (1896-1966) was the founder and prime mover of Surrealism, the most influential artistic and literary movement of the 20th century. Poet and theorist, artistic impresario and political agitator, Breton was a man of paradoxical character: inspiring one moment, crushingly tyrannical the next; embracing friends like Brunel, Dali, Duchamp, Miro, Man Ray, Aragon and Eluard, only to exile them as enemies later. From its emergence from Dada after World War I through its culmination in the 1960s, here is the Surrealist world in detail. --Black Widow Press.

In this exhaustive and enlightening biography—nearly two decades in the making—Gerald Martin dexterously traces the life and times of one of the twentieth century's greatest literary titans, Nobel Prize-winner Gabriel García Márquez. Martin chronicles the particulars of an extraordinary life, from his upbringing in backwater Colombia and early journalism career, to the publication of *One Hundred Years of Solitude* at age forty, and the wealth and fame that followed. Based on interviews with more than three hundred of García Márquez's closest friends, family members, fellow authors, and detractors—as well as the many hours Martin spent with 'Gabo' himself—the result is a revelation of both the writer and the man. It is as gripping as any of Gabriel García Márquez's powerful journalism, as enthralling as any of his acclaimed and beloved fiction.

Welcome to the world of digital downloads, where you can easily access a substantial collection of books with simply a few clicks. Say goodbye to the headache of mosting likely to a physical book shop and checking out restricted alternatives. With electronic downloads, you can locate any kind of publication like Rimbaud A Biography Graham Robb you prefer from the convenience of your very own home. The most effective component? You can begin reviewing Rimbaud A Biography Graham Robb instantly after downloading it.

## EASY STEPS TO DOWNLOADING RIMBAUD A BIOGRAPHY GRAHAM ROBB BOOK

**The Rebel as Poet** Vintage

Enduring icon of creativity, authenticity, and rebellion, and the subject of numerous new biographies, Arthur Rimbaud is one of the most repeatedly scrutinized literary figures of the last half-century. Yet almost thirty years have elapsed without a major new translation of his writings. Remediating this state of affairs is Rimbaud Complete, the first and only truly complete edition of Rimbaud's work in English, translated, edited, and introduced by Wyatt Mason. Mason draws on a century of Rimbaud scholarship to choreograph a superbly clear-eyed presentation of the poet's works. He arranges Rimbaud's writing chronologically, based on the latest manuscript evidence, so readers can experience the famously teenaged poet's rapid evolution, from the lyricism of "Sensation" to the groundbreaking early modernism of *A Season in Hell*. In fifty pages of previously untranslated material, including award-winning early verses, all the fragmentary poems, a fascinating early draft of *A Season in Hell*, a school notebook, and multiple manuscript versions of the important poem "O saisons, ô châteaux," Rimbaud Complete displays facets of the poet unknown to American readers. And in his Introduction, Mason revisits the Rimbaud myth, addresses the state of disarray in which the poet left his work, and illuminates the intricacies of the translator's art. Mason has harnessed the precision and power of the poet's rapidly changing voice: from the delicate music of a poem such as "Crows" to the mature dissonance of the *Illuminations*, Rimbaud Complete unveils this essential poet for a new generation of readers.

**\*\*Kirkus Best Books of the Year (2013)\*\* \*\*Time Magazine 10 Top Nonfiction Books of 2013\*\* \*\*The New Republic Best Books of 2013\*\* In this heart-lifting chronicle, Richard Holmes, author of the best-selling *The Age of Wonder*, follows the pioneer generation of balloon aeronauts, the daring and enigmatic men and women who risked their lives to take to the air (or fall into the sky). Why they did it, what their contemporaries thought of them, and how their flights revealed the secrets of our planet is a compelling adventure that only Holmes could tell. His accounts of the early Anglo-French balloon rivalries, the crazy firework flights of the beautiful Sophie Blanchard, the long-distance voyages of the American entrepreneur John Wise and French photographer Felix Nadar are dramatic and exhilarating. Holmes documents as well the balloons used to observe the horrors of modern battle during the Civil War (including a flight taken by George Armstrong Custer); the legendary tale of at least sixty-seven manned balloons that escaped from Paris (the first successful civilian airlift in history) during the Prussian siege of 1870-71; the high-altitude exploits of James Glaisher (who rose seven miles above the earth without oxygen, helping to establish the new science of meteorology); and how Mary Shelley, Edgar Allan Poe, and Jules Verne felt the imaginative impact of flight and allowed it to soar in their work. A seamless fusion of history, art, science, biography, and the metaphysics of flights, *Falling Upwards* explores the interplay between technology and imagination. And through the strange allure of these great balloonists, it offers a masterly portrait of human endeavor, recklessness, and vision. (With 24 pages of color illustrations, and black-and-white illustrations throughout.)**

**Arthur Rimbaud: Complete Works** RimbaudA Biography

The Debatable Land was an independent territory which used to exist between Scotland and England. It is the oldest detectable territorial division in Great Britain. At the height of its notoriety, it was the bloodiest region in the country, and preoccupied the monarchs and parliaments of England, Scotland and France. After most of its population was slaughtered or deported, it became the last part of Great Britain to be conquered and brought under the control of a state. Today, it has vanished from the map and no one knows exactly where and what it was. When Graham Robb moved to a lonely house on the very edge of England, he discovered that the river which almost surrounded his new home had once marked the Debatable Land's southern boundary. Under the powerful spell of curiosity, Robb began a journey – on foot, by bicycle and into the past – that would uncover lost towns and roads, shed new light on the Dark Age, reveal the truth about this maligned patch of land, and lead to more than one discovery of major historical significance. For the first time – and with all of his customary charm, wit and literary grace – Graham Robb, prize-winning author of *The Discovery of France*, has written about his native country. The Debatable Land is an epic and energetic book that takes us from 2016 back to an age when neither England nor Scotland could be imagined to reveal a crucial, missing piece in the puzzle of British history.

*Arthur Rimbaud* Atlantic Books Ltd

Graham Robb's *The Ancient Paths* will change the way you see European civilization. Inspired by a chance discovery, Robb became fascinated with the world of the Celts: their gods, their art, and, most of all, their sophisticated knowledge of science. His investigations gradually revealed something extraordinary: a lost map, of an empire constructed with precision and beauty across vast tracts of Europe. The map had been forgotten for almost two millennia and its implications were astonishing. Minutely researched and rich in revelations, *The Ancient Paths* brings to life centuries of our distant history and reinterprets pre-Roman Europe. Told with all of Robb's grace and verve, it is a dazzling, unforgettable book.

*The Letters of Arthur Rimbaud* U of Minnesota Press

Portraying Kerouac as an agonized man torn between conflicting values and beliefs, a former editor and friend of the beat writer serves up what promises to be the most controversial biography of the great writer yet published. Reprint. NYT. AB.

[Somebody Else](#) Pan Macmillan

Poet and prodigy Arthur Rimbaud (1854-1891) died young but his extraordinary poetry continues to

influence and inspire - fans include Dylan, Jim Morrison, Patti Smith. His long poem Un Saison en Enfer and his collection Illuminations are central to the modern canon. Having sworn off writing at the age of twenty-one, Rimbaud drifted around the world from scheme to scheme, ultimately dying from an infection contracted while gun-running in Africa. He was thirty-seven. Distinguished biographer, novelist, and memoirist Edmund White brilliantly explores the young poet's relationships with his family and his teachers, as well as his notorious affair with the older and more established poet Paul Verlaine. He reveals the longing for a utopian life of the future and the sexual taboos that haunt Rimbaud's works, offering incisive interpretations of the poems and his own artful translations to bring us closer to this great and mercurial poet.

*Strangers* Macmillan

One of the most written-about literary figures in the past decade, Arthur Rimbaud left few traces when he abandoned poetry at age twenty-one and disappeared into the African desert. Although the dozen biographies devoted to Rimbaud's life depend on one main source for information—his own correspondence—a complete edition of these remarkable letters has never been published in English. Until now. A moving document of decline, Rimbaud's letters begin with the enthusiastic artistic pronouncements of a fifteen-year-old genius, and end with the bitter what-ifs of a man whose life has slipped disastrously away. But whether soapboxing on the essence of art, or struggling under the yoke of self-imposed exile in the desert of his later years, Rimbaud was incapable of writing an uninteresting sentence. As translator and editor Wyatt Mason makes clear in his engaging Introduction, the letters reveal a Rimbaud very different from our expectations. Rimbaud—presented by many biographers as a bohemian wild man—is unveiled as “diligent in his pursuit of his goals . . . wildly, soberly ambitious, in poetry, in everything.” *I Promise to Be Good: The Letters of Arthur Rimbaud* is the second and final volume in Mason's authoritative presentation of Rimbaud's writings. Called by Edward Hirsch “the definitive translation for our time,” Mason's first volume, *Rimbaud Complete* (Modern Library, 2002), brought Rimbaud's poetry and prose into vivid focus. In *I Promise to Be Good*, Mason adds the missing epistolary pieces to our picture of Rimbaud. “These letters,” he writes, “are proofs in all their variety—of impudence and precocity, of tenderness and rage—for the existence of Arthur Rimbaud.” *I Promise to Be Good* allows English-language readers to see with new eyes one of the most extraordinary poets in history.

*Yorkshire* W. W. Norton & Company

Recounts how the French poet, after giving up poetry as a young man, spent most of the rest of his life as a trader in East Africa and Southern Arabia, while he sought to put his former way of life as far behind him as possible

**An Anthology of Ethiopian Amharic Poetry** Farrar, Straus and Giroux

“A witty, engaging narrative style...[Robb's] approach is particularly engrossing.” —New York Times Book Review A narrative of exploration—full of strange landscapes and even stranger inhabitants—that explains the enduring fascination of France. While Gustave Eiffel was changing the skyline of Paris, large parts of France were still terra incognita. Even in the age of railways and newspapers, France was a land of ancient tribal divisions, prehistoric communication networks, and pre-Christian beliefs. French itself was a minority language. Graham Robb describes that unknown world in arresting narrative detail. He recounts the epic journeys of mapmakers, scientists, soldiers, administrators, and intrepid tourists, of itinerant workers, pilgrims, and herdsmen with their millions of migratory domestic animals. We learn how France was explored, charted, and colonized, and how the imperial influence of Paris was gradually extended throughout a kingdom of isolated towns and villages. The Discovery of France explains how the modern nation came to be and how poorly understood that nation still is today. Above all, it shows how much of France—past and present—remains to be discovered. A New York Times Notable Book, Publishers Weekly Best Book, Slate Best Book, and Booklist Editor's Choice.

[Our Rimbaud Mask](#) W. W. Norton & Company

A col is the lowest point on the saddle between two mountains. Graham Robb has spent years uncovering and cataloguing the 2,002 cols and 105 passes scattered across the British Isles. Some of these obscure and magical sites are virgin cols that have never been crossed. Dozens were lost by the Ordnance Survey and are recorded only in ballads or monastic charters. The eleven cols of Hadrian's Wall are practically unknown and have never been properly identified. These underappreciated slices of natural beauty provide a new way of looking at British history, and a challenge for cyclists and walkers.

*Victor Hugo* W. W. Norton & Company

“Graham Robb tells the complicated story of this colossal life with authority and sympathy. . . . Unquestionably, a magnificent biography”.—“Washington Square Press”. of photos.

Are you ready to discover new globes, satisfy fascinating characters, and shed yourself in a wonderful tale?
