NAVY AN AUTOBIOGRAPH

- When I first met Dan I told him "Song of Kali" was the most disturbing novel I'd ever read. He was thrilled. This book, while taking you through one of the world's most sinister cities, provides you with such an eerie atmosphere you'll change your perception of the world and the concept of evil. While some may find the ending somewhat incongruous with the rest of the novel, most of its readers enjoyed it all the more. You have a rare treat in store if you're about to buy it. Writing this review makes me want to search my shelves, pluck it out and read it in a day and-a-half, just as I did nearly 20 years ago.
- SONG OF KALI is a combination of non-sensical plot choices (ex. the protagonist

decides to bring his infant daughter from the US to India on a short business trip; the "rationale" given for this is so pathetically feeble, the author might just as well SAY "so the baby can be placed in danger for plot purposes"), repellent characters (particularly the protagonist, who's foolish, mean-spirited, rude, self-absorbed, racist... 300 pages spent with this jerk felt like a long, LONG time), fantasy/horror elements that don't manage to get off the ground, and storytelling that's heavy-handed and simple-minded. The whole novel comes across as if the author hated Calcutta so much during his brief visit to the city that he felt compelled to glorify his "ick! ick! ICK!" reaction by turning that reaction into a one-dimensional novel.
