### REVIEW OF SHEPHERD BUSHIRI BOOK

- Very helpful opinion in this book. I have found myself in similar situation in this book. Great resource for parenting.

- In Island, Huxley takes all the devices that were used to keep a population dull and in check in his earlier novel, Brave New World, and sets them to a new purpose. Drugs are now used for enlightenment (see also Huxley's works Heaven and Hell and The Doors of Perception). Behavior modification is now for autonomy, not to control. It is a shame this book does not receive more attention, or even one percent of what its mirror image receives.
