REVIEW OF CITROEN C4 WIRING DIAGRAM

- This is surely one of her best books. Got me so absorbed in the characters & their story that I stayed up way past my bedtime wide awake because I was intrigued & wanted to know what happened next. This book was worth losing sleep over. A definite must-read!!

- I've read other Jodi Picoult books, so knew this one would be good. I was not disappointed. While there were some technical/ legal errors, that did not distract from the overall book. For me the best aspects of the book are reflecting on how the mother juggles her own values and beliefs with how she believes her child should be raised. She honestly puts her child first in all her decisions. Reading this book was an enjoyable, heartwarming experience.
