REVIEW OF PDF VW BORA MANUAL DOWNLOAD PDFSDOCUMENTS2

- AS stated multiple times, this was an order for a Christmas present; therefore, I will not be reading it. My daughter will be.

- The book is well-written and I worked through it in two days and enjoyed it. The style is conversant and nice to read, which makes it a very good introduction to Perl if you happen to work on NT. The book is not a Nutshell book, does not contain very much NT specifics and is probably not worth the money if you already know Perl. In short: the book is exactly what the title says it is.
