## REVIEW OF GRADE 6 MATHS EXAM PAPERS SINHALA MEDIUM

- I am a retired Army Guard and Reserve officer of twenty eight years. I was first introduced to the book, "Once An Eagle" while I was going through OCS and college. I was amazed at the detail of thoughts of the young Sam Damon and how much they paralleled my own thoughts. I could really identify with him. I tried throughout my military and civilian careers to model myself after the leadership examples of Sam Damon. I looked for and became very aware of the Massengale officers. Once you are aware of that type of "problem" you can combat it. Later I re-read the book when I was a company commander. Boy had Sam become smarter. It really helped my at that stage of my career. This past weekend I saw a huge write-up in the Minneapolis Star and was surprised that the book had that big of a following. I am re-reading the book again, for the third time, and I find my self re-identifying with the characters. I recommend this book for all young NCOs and young officers to help them formulate a mentoring guide book, like a set of rules to work towards, that they can use in the daily experiences that will make up their careers. If you use the book to help focus your commitment to leadership, you will have a great experience, a great career, and a love of adventure.

- Bernard Cornwell and his Richard Sharpe series are some of the most exciting historical fiction around. There are quite a few people reviewing this book and suggesting works Patrick O'Brien, especially if interested in nautical fiction. I would also like to include anything by James L. Nelson. He writes nautical fiction with battle scenes and stories that suck you in at the same level

of the Sharpe books.
