REVIEW OF SPECIFICATION FOR 3LPE AND 3LPP COATING OF LINE PIPE HPCL

- This is my first Steinbeck. It will not be my last. I'm kicking myself for letting so many years of my life pass without reading anything written by this obviously gifted author. His style is so different and so smooth. The humor in this book is never forced. It creeps up on you as if not intended. I guess my ultimate compliment is that for a few days, I wanted to be a bum on Cannery Row.

- Although some aspects of this book are typical Stienbeck, I found it particularly well done. The ideas creep onto the page in their own good time. Stienbeck's traditional bums and prostitutes are better seen when contrasted with a dignified but far from perfect doctor, an unusual and facsinating character.
