REVIEW OF CHAPTER 18 AP BIO READING GUIDE ANSWERS

- I dont really think that this is a good book. I didnt know anything more after reading this book then I knew before reading this book. I found the most valuable information she provided was telling about how she saved money using interns, yet this was something that I already knew also.
- Never received item, vendor not very responsive or helpful via feedback - did not reply for days. Ended up cancelling order due to long delay between order date and vendor never providing proof of delivery. Ordered on 1/5 and cancelled 1/27/09. I still have not received confirmation nor acknowledgement from vendor of the cancellation - I ended up disputing the charge. I will not order from this supplier again.
