REVIEW OF LET HIM CHASE YOU UNTIL YOU CATCH HIM

- This book has answers to questions about men that we women never knew to ask. Shaunti really did her homework, commissioning a survey of a cross-section of men, along with her own formal and informal surveys, to validate how and why men think vs. how women view them-- on a whole host of issues. You can't come away from reading this book without a new appreciation for how we, uniquely, are fearfully and wonderfully made by our Creator, and how men and women really are designed so differently, even in thought life and emotions. Thanks to Shaunti for helping me understand my other half a little better!

- It was shipped in the time frame and was in good quality. Haven't read that much of it yet though. What I have read does seem like it will be useful information for me and my boyfriend hopefully husband soon. :)
