You can predict how well a student will do simply on the basis of their use of effective study strategies. This book is for college students who are serious about being successful in study, and teachers who want to know how best to help their students learn. Being a successful student is far more about being a smart user of effective strategies than about being 'smart'. Research has shown it is possible to predict how well a student will do simply on the basis of their use of study strategies. This workbook looks at the most important group of study strategies - how to take notes (with advice on how to read a textbook and how to prepare for a lecture). You'll be shown how to: * format your notes * use headings and highlighting * how to write different types of text summaries and pictorial ones, including concept maps and mind maps (you'll find out the difference, and the pros and cons of each) * ask the right questions * make the right connections * review your notes * evaluate text to work out which strategy is appropriate. There's advice on individual differences and learning styles, and on how to choose the strategies that are right for both you and the situation. Using effective notetaking strategies will help you remember what you read. It will help you understand more, and set you on the road to becoming an expert (or at least getting good grades!). Successful studying isn't about hours put in, it's about spending your time wisely. You want to study smarter not harder. As always with the Mempowered books, this thorough (and fully referenced) workbook doesn't re-hash the same tired advice that's been peddled for so long. Rather, Effective Notetaking builds on the latest cognitive and educational research to help you study for success. This 3rd edition has advance organizers and multi-choice review questions for each chapter, plus some additional material on multimedia learning, and taking notes in lectures. Keywords: best study strategies for college students, how to improve note taking skills, study skills, college study, taking notes

REVIEW OF THE STUDY SKILLS HANDBOOK 2ND EDITION

- This is an outstanding collection of the best known shorter works by Steinbeck, or more accurately a collection of his novellas. The writing is exceptional and this is a highly recommended buy. The stories are short and they cannot be compared with his best known novel "Grapes of Wrath." But this is a superb collection containing his best short work and first novel "Of Mice and Men." Also, it contains "Cannery Row," another great story. And, it has his interesting novel "The Moon is Down." It is about resistance to an invading force. We can assume that it is probably Norway during World War II, and their resistance to Germany, but Steinbeck keeps it a bit vague which broadens the appeal of the book. It could apply to any invading force. John Steinbeck (1902 - 1968) was among the best known American writers of the 20th century. He won the 1962 Nobel Prize for literature. His 1939 Pulitzer Prize winning novel, "Grapes of Wrath" has over ten million copies in print. Steinbeck was born in rural California, went to Stanford, and spent most of his life in California. He has been associated with the plight of farm workers and others. His books have been very popular and many were made into movies and stage productions. He won an Academy Award nomination for best story in 1944. I have read a number of his novels and am still surprised with the quality of his work - especially his short stories and short novels, so the present collection is a great buy. The collection has his famous short works and is not a heavy read. Each of the works takes one evening to read. I liked all the stories. Readers will appreciate the clarity of the prose, the characters, and the messages. This is a great value purchase and an interesting reading experience.

- I cannot believe that it has actually been over a decade since I read Tom Wolfe's THE BONFIRE OF THE VANITIES; it is a brilliant and hilarious entertaining work of satirical fiction, and a dead-on accurate social commentary of everything that made up the 1980's, commonly (and accurately) known as The Greed Decade. This includes the incendiary racial conflagrations that had been simmering throughout the 1970's that finally began to unravel during the 80's, aided and abetted by an increasingly sensationalist media that practiced underhanded "divide and conquer" tactics in order to keep the middle and working classes down by improperly (and sneakily) shifting the discussion from class to race. Wolfe captures all that here, albeit in a lighter tone, by following four separate tracks concurrently, and how they all come together: Financially successful but amoral and philandering nouveau-riche bond trader Sherman McCoy, professional successful but financially wanting assistant prosecutor Lawrence Kramer, professionally unsuccessful and perpetually inebriated British-born tabloid 'journalist' Peter Fallow, and socially powerful (but under-respected) self-proclaimed African-American leader Reverend Reginald Bacon. The bonfire that their vanities create is fascinating; but what is best about this book is the insightful and real-to-life humor/social commentary that Wolfe weaves into the story throughout. If you're a relatively young reader who was born in the 80's and thusly do not remember it the way that, let's say, those of us born in 1967 do, then the reading of this book is absolutely essential to understanding all the different dysfunctional facets that made the 1980's the way it was. Do not be put off by the story's length (705 pages); it is so enjoyable and is such a compulsive page-turner that it is likely that it will only take you a week or less to get through it all. Pick this one up and treat yourself to the hilarious world of THE BONFIRE OF THE VANITIES---and if you must, rent the 1990 Brian De Palma-directed misfire and see just how totally inept Hollywood was in capturing this world. THE BONFIRE OF THE VANITIES has earned its proper place one of the greatest---and most important---works of fiction in the 20th Century. MOST RECOMMENDED; AGES 17 & UP
