## **REVIEW OF SCIENZE DELLA TERRA ZANICHELLI PDF**

- My girlfriend, who is also an artist got this book, based on a blogger's recommendation. It's not even geared towards artists, but towards those in the education field. It is a great tool for

those artists that need to 'get back to basics'. It's small, has day by day exercises. A wonderful tool.

- This is a great history book on the great Mongol Empire. It clears up a lot misunderstandings and superstitions about the supposedly horrible Mongol barbarians and gives a reliable account of their rule in this time period. It covers Temujin's (aka Genghis Khan) beginnings to the end of his forebears rule. It has pictures from the past and of re-enactments of Mongol cavalry - you will rarely find this elsewhere. The Mongol Empire was a militaristic nation, so this book lacks on the military strategy and warfare of the Mongols. Only the basics are covered.
