## REVIEW OF HUSTON SMITH AUTHOR OF THE WORLDS RELIGIONS

- This is the first of the Wolfe series, and my second (I started with *The Second Confession*). I love the snappy banter between Wolfe and Goodwin, and Wolfe's eccentricities. Goodwin enjoys jabbing at his boss at every turn, and I can just picture the fat, lazy genius who refuses to get out of his chair when a lady comes to his presence. Wolfe scores a zinger early as he figures out the method with which Barstow is killed. The latter part of the book was disappointing. We figure out the killer way too early, and the "suspense" ends up trying to figure out Wolfe's plan for the finale. Once we got there, I was stunned - surely Wolfe could have planned something better than that! Yes, the killer pays, but I expected Wolfe to come up with a cleaner way of disposing of the case.
- Where most famous detective series actually start at a beginning point--Doyle's *Study in Scarlet* actually starts with Watson meeting Holmes, and Christie's *Mysterious Affair at Styles* shows us

Hastings meeting Poirot--this amazing series begins in medias res, running on all its cylinders. Archie Goodwin is drinking milk and making smart-aleck remarks; Nero Wolfe is more concerned with his orchid schedule and the quality of his beer than the conclusion of the case. It is amazing that Rex Stout created this wonderful world out of whole cloth; if you're familiar to the series, you feel right at home, and if you're new to it, you feel as if you haven't missed a thing. The plotting here isn't particularly fabulous--the mystery involves the rather elaborate murder of a university president, and the suspects are narrowed to one well before the end. Nevertheless, the pleasures of this book are many. Stout combines Archie's gumshoe attitude with the eccentricity of Wolfe's genius detective--straight out of a British cozy. The relationship between the two--and their interactions, both with the secondary characters (the perpetually dispeptic Det. Cramer, Fritz, the haughty chef, Saul Panzer, the detective's detective, et al.) and with the various clients and suspects who present themselves are a joy to behold. As with the fun A&E video series, the enjoyment is derived from the attitude and the interaction, more than from the working out of the actual mystery. If you're a timetable-and-map fan, this series probably isn't for you. But if you like a memorable cast of characters interacting in perpetually surprising, always inevitable ways, this is a great place to start a wonderful series.
