REVIEW OF AGENCY THEORY AS A BASIS FOR BUSINESS ETHICS CBFA

- If you do not have enough time to sift through all the important continental philosophers, but want to get a detailed summary idea of their thoughts, this book is an excellent primer. Kearney

has done an excellent job of anthologizing selections of text that best represent each philosopher's thoughts. Treacherous waters of phenomenology, hermeneutics, deconstruction, and such can be navigated through these selections of writings, and there are excellent introductions to the philosophers and their work in the beginning of each text. Especially now that we are in the 21st century, these thoughts of the 20th century must be appreciated to know our own history - cultural, philosophical, and historical. This book is an excellent start.

- Book is out of print. ISBN # will be changed. Don't buy this book!!
