So, what are you waiting for? Beginning your reading experience today with digital Saint Of The Day book downloads. With numerous titles and genres to pick from, the possibilities are endless. Delighted analysis!

REVIEW OF SAINT OF THE DAY

- The Gramophone Classical CD Guide in years past was a fairly comprehensive listing of classical recordings similar too, yet distinct from, the Penguin Guide (Gramophone included fewer, more comprehensive featured reviews plus additional recommendations while Penguin gave smaller reviews for all it's listings; still the total number of cd's listed in each book, 5,000 - 10,000, were comparable). Gramophone unfortunately, as another reviewer has stated, decided to eliminate the additional recommendations (reducing the number of CD listings by at least three quarters), and have done away with any quantitative ratings (the G's).The new approach, rather than being a thorough discography, is a truncated compilation of Gramophone reviews. Maybe thats what Gramophone wants. I wouldn't say this book has no value, it's just far less valuable to someone trying to build and expand a classical music collection. Their reviews are excellent and that continues here, there just needs to be more (many more) cd listings, especially of the basic repetoire.What I would like is a return to the old format with one change; a constant rotation from one year's book to the next of the primary reviews. The same reviews (with the exception of the 'new' ones that are less than half the total) should not be presented year after year as it is now. Recycle them. For example, rather than putting in the review of Giulini's performance of Mozart's Don Giovanni every year, list it under additional recommendations. Put in a different, even if recycled, one (like of Furtwangler's performance). This will at least serve the interests of repeat (at least until now) buyers of the Guide, such as me.The current rendition leaves the field to Penguin. Gramophone now appears to be competing with Svejda (also listed on Amazon) instead. Too bad.

- This book gives has many pictures, pictures of Rommel talking with his men, pictures of Rommel in Tobruk, pictures of his men, and some of the enemy. Some photos are even taken by the Fox himself. But where this book have lots of pics, it lacs words. I mean, you won't get so much written information from this book, that you would get from some other books about Rommel. No new information is given here. However, the photos, all in good quality, makes this book a must-have for Rommel-fans.
