You can also follow us on social media to stay updated with our latest offerings.

So what are you waiting for? Begin checking out Bournvita Quiz Contest Questions And Answers recaps today and discover your next wonderful read!

REVIEW OF BOURNVITA QUIZ CONTEST QUESTIONS AND ANSWERS

- ...To avoid repetition, I won't repeat the details of the story. While it's not as easy a read as his Amber series - the story seems more dense somehow, maybe because it's all in one book - Zelazny's dialogue still sparkles and his humor is still as sharp. While it's not exactly hard-core SF, it's an entertaining read, full of surprises, epic moments, and memorable characters. I was recommended this book by a friend who said I remind him of Yama (the God of Death character in this book). I'm not sure what he meant, but I assume he meant it as a compliment somehow. That's what sticks with me about this

book. Hope that helps.

- Lord of Light by Roger Zelazny is one of those books that you can't give up on too soon. The first chapter was very interesting, but it took longer than that for me to really begin to enjoy the intricacies of the story and quite a while longer before I actually understood where this story was set. It was an amazing experience to find myself reading about godlike beings who had chosen to take their names from the Hindu religion. Siddhartha, Mahasamatman, Lord of Light, all are "Sam", all are the same person who had spent his time as a god and didn't relish having to be in that position again. When Sam realized that those in charge of this world are gathering more and more power to themselves through the means

of the true death or reincarnation into lesser beings for those who oppose them, he must do something to stop this progression. Enter the teachings of Buddhism which begins to convert those who are followers of Hinduism. All of this played out even more beautifully when I realized that the world this all happens in is not our world, but the world of another planet. I loved the contrasts between the powerful Hindu gods with their modern technology, even technology transcending our modern world and the peaceful, non aggressive beliefs of the followers of Buddha. One of my favorite characters was Rild, the assassin who wore his weapon, the red cord, wrapped around his arm for all to see. Yet that man was changed and converted by the very man he was sent

to kill. The first time I encountered the machine outside the Temple where people put in their disk, pulled the lever and received their reward was so thought provoking for me that I had to stop reading for a moment. Religion a la Las Vegas. How brilliant of Zelazny to see and reveal some of the shortcomings of modern day religions. I don't know if that was his exact intention, but that is what it made me think about. Once I

realized that the chapters did not follow in a chronological order I could relax and almost treat each one as a story within a book until they came full circle and the ending was revealed. This was not an easy book to read, but it was a real pleasure for me. I sincerely appreciate having it brought to my attention and plan to read more stories by this author in the future.
