REVIEW OF REPORTED BY ACI COMMITTEE 371 ACI

371R 16 CONCRETE

- these three book are excelent, the stories are related with the first two halo games and the interval between those game. You can't stop reading it, once you begins with it. Great books to read. Recommended even if you aren't a fan of halo video games
- I have reread this book more than any other that I own, partly because it's short, but mostly because Fromm is such a lucid and perceptive writer. I simply cannot recommend this book highly

enough. I don't agree with all of it -- his take on homosexuality, for instance, which may or may not be attributable to the day in which it was written -- and many readers may not care for the way he frames behavioral patterns in psychoanalytic terms. That said, you can read right past those stylistic elements, because his prose is positively oozing with compassion. I don't think it's overly dramatic to say that it would take me longer to convey how excellent this little book is than it would take you to read it.
