## **REVIEW OF CALCULUS SIXTH EDITION ANSWER KEY**

- I would not normally review a book I haven't finished yet, but this book is so awesome I will make an exception. Alex Ross's art is as expected: thoughtful composition combined with photo-realistic imagery. You'll need a towel to wipe the drool. Paul Dini's writing certainly does not disappoint. There is a clear theme that ties everything together exceptionally well. Each character's voice sounds like their own. Highly recommended.
- Easily the most misrepresented story in Hollywood. It was a treat to discover the true story of Dr. Jekyll and Mr. Hyde. Highly recommended.
