FINAL THOUGHTS

Generally, we believe that Champions 5th Edition Ninja Hero is worth a read, in spite of some minor

imperfections. The one-of-a-kind storytelling style, relatable characters, and plot spins make it a rewarding addition to your bookshelf. So, if you're seeking a fascinating read, Champions 5th Edition Ninja Hero is absolutely worth considering.

REVIEW OF CHAMPIONS 5TH EDITION NINJA HERO

- I ordered all the books in this series, then decided to resell them to local bookstore, as the dust-jackets are so garish, they stand out on my bookshelves like a sore thumb; I've read all but the last book and have been disappointed in the inconsistency or quality of the story line, though I have enjoyed this series very much for the most part; the books are large and heavy and it's impossible to get book one (at an affordable price), so I could not complete the set without resorting to the Kindle volume

- Yes, the book is very long. When I began the series, I'd only read a couple of thousand page books. Now, I'm starting to think that I'll have read a dozen by the time the series is finished. That's besides the point. When I read Robert Jordan, the pages fly by. Suddenly I'm 100 pages from when I last looked at the page. This book had some of the usual annoying babble and frustrations such as Nynaeve and Elayne consistently falling into traps and revealing too much information. I did enjoy reading about Rand's relationship to Aviendha, and Moiraine's change in character. Mat is becoming more and more interesting as he begins to have a life of his own outside of following Rand. Sadly, the book doesn't talk any of Perrin, and way too much of Elayne and Nynaeve. I think the ending could have been a bit better but I still liked it. It gets 4 stars because I didn't put the book down with a big "wow" at the end. Jordan keeps the story moving with various plot twists, and I don't think there is a single chapter where something significant doesn't happen. It's a very, very good book, and from what I hear, the next one is better. I just have one question... how many women can have "ice cold stares" or something equivalent to that?
