REVIEW OF CONTEMPORARY NURSING 4TH EDITION

- I would describe this book as both poorly written and poorly researched. I am not even sure why Ms. Powell bothered to add invented scenes from Julia's life. They were so few and added absolutely nothing to the book. Ms. Powell could have researched and wrote about Julia's real life. Why did Ms. Powell not even bother to contact Julia Child? Julia was still alive when the blog was started. Ms. Powell had a wealth of information she could have discovered but chose to ignore it so she could write whatever she liked; very lazy. As for Julie Powell as a person, she is spoiled and self consumed. She whines about everything and everyone. She takes her husband for granted, she's ashamed of being a secretary, and complains she'll have trouble getting pregnant despite that she sold her own eggs to pay off credit

card debt. CREDIT CARD DEBT! She also lacks empathy. Ms. Powell describes how she often works in the "Family Room" for the families of 9/11 victims yet she seems oblivious to their pain and heartache. I am certain that seeing these people cry and put up letters and pictures on the wall would be life altering for me. It doesn't affect her. She uses cooking all the recipes in Mastering the Art of French Cooking to add meaning to her life; a reason to keep going. I find it very hard to have any sympathy for her. I feel more sorry for Julia Child who had no choice about being featured in this mediocre book. P.S. Cleaving, Ms. Powell's second book is worse! My husband tried to read it (he did not read Julie and Julia) and could not because of Ms. Powell's whiny, self centered personality.

- This book has very little to do with cooking or the amazing Julia Childs. It is more an account of Ms. Powell's chaotic and unremarkable life. References to Julia and Paul Childs are sparse and oddly placed. Time spent chronicling work in the kitchen (which was fairly interesting) was vastly overshadowed by incoherent rants about family and friends. Attempts at wit were forced and not particularly funny. I generally smile at chiding by opposing political parties; however, I found Ms. Powell's persistent irreverent generalization of Republicans as unemotional and "piggy" annoying. I was particularly troubled after reading the cold account of her job consoling families a year post 9/11 as "emotional sh** work". WOW - I'd rather blow my nose on my t-shirt than have this woman hand me a tissue! I feel a little defeated but will be closing this book for good on page 99. I reccommend checking this out at the library and saving the

hard-earned \$25.
