REVIEW OF COVER LETTERS PEARSON

- This is a great resource for professionals who treat and work with females with AD/HD, females with AD/HD, and parents of females with AD/HD. Though the book may be intended for professionals, the setup of the book is very ADD Friendly and the language is easy to understand. I think reading this book will be very beneficial to women with AD/HD and family members of females with AD/HD. It

may put females ahead of the game when they seek treatment for AD/HD. It may give them a better idea of whether the professional who is treating them actually understands AD/HD. Females who are currently in treatment for AD/HD should consider asking the professional treating her if he or she has read this book. If the answer is no it may be in her best interest to suggest that he or she does.

- I never, ever read non-fiction but got interested in this book from a blurb in a magazine. It is life-altering, mind changing, perhaps life saving. I never imagined what a

horrible world these migrants go through. I'd always assumed Mexican crossing was one guy trying to cross the Rio Grande, getting caught and "oh, well, better luck tomorrow!" NO! This is life and death! Urrea did such a wonderful job of bringing this issue up front. He discusses the politics/economics behind the crossing on both sides and doesn't place blame on any one group. We are ALL guilty here! I felt the heat, often wanting a glass of water while reading, and wanted to hug every Mexican I saw after reading this book. Like the quote on the back of the book says "EVERYONE should read this book!".
