REVIEW OF GENERAL LEDGER SAGE ACCOUNTING AND BUSINESS MANAGEMENT

- Palotino keeps the flavor of mystery alive, while revealing the history of the Etruscans. There are newer books, with much more recent scientific explanation, but this book is still a good starting place.

- If you homebrew, you need this book-period. Papazian covers just about every situation a homebrewer could come across and gives a great understanding of beer making. I have used it for over 10 years now and still need to refer back from time to time when I need help.
