The one-of-a-kind narration design, relatable characters, and story spins make it a rewarding addition to your shelf. So, if you're looking for a fascinating read, Central Johannesburg Tvet College Courses

Application is absolutely worth taking into consideration.

## **REVIEW OF CENTRAL JOHANNESBURG TVET COLLEGE COURSES APPLICATION**

- Java Weathersby's novel, CRAZY MEN CAN MAKE YOU DO CRAZY THINGS, is based on a true story, and answers the question: Is craziness contagious? Beginning with her high school years and moving into college, Weathersby weaves an enjoyable tale about her life and relationships with men. In high school Java begins dating Miguel after they attend a school dance together. They appear to have a good relationship, but

underneath the surface Miguel is dealing with some issues that will keep these two from ever really being more than friends. While Miguel has issues he is not the first official crazy man she will date, instead he is a stepping stone to Omar, a man whom she meets in college. Omar is everything a girl can ask for; he takes her places, buys her things and seems to have a genuine interest in her. Java moves out of her mother's house and into Omar's apartment, and things begin to change for her. He becomes obsessed with her even to the point that he kidnaps her rather than allowing her to go to a dance. Java enters the relationship as a virgin and the two are not

having sex so Java is willing to allow Omar to go outside the relationship for sexual gratification. To make matters worse, during the time that she is dealing with Omar she goes out on a date with a co-worker to get revenge on Omar and ends up dealing with another crazy man who attempts to rape her. Java continues her relationship with Omar and doesn't realize how bad things are until she finds herself alone on the streets in the middle of the night. CRAZY MEN CAN MAKE YOU DO CRAZY THINGS is an intriguing tale that will have readers saying, "No she didn't!" or "What is she thinking?" The novel is written in a conversational tone and will keep the reader interested in

what will happen next. The only downside is the length. Weathersby mentions in both the introduction and the end that this is only the first book with emphasis on one relationship; however, it could be longer. Overall, this book will take you through a range of emotions, will make you laugh, and make you wonder. All this while teaching a lesson to stay away from crazy men because you never know when or if their craziness will rub off on you. Reviewed by Criss Coles for The RAWSISTAZ Reviewers

- I read *The Rainbow* and *The Rose*, along with most of Nevil Shute's novels, many years ago. Interestingly, I've never read *On The Beach*. I have,

however, recently begun buying copies of Shute's novels for rereading. I wish to see if my sixty year old persona interprets them differently than I did as an eighteen year old. At the time I first read *The Rainbow* and *The Rose*, I thought it as good as *A Town Like Alice*. I could not wait for Ron Clarke to become airborne once again, as he made his way across Australia, so that he would continue to experience the visions that were some sort of gift to help him sort out his feelings toward the woman he once loved and the man who'd won her heart so many years ago. I thought back then, and I think today that the book would make a wonderful movie, if done correctly and with

the right people. I urge Shute's work to read  
anyone with even a The Rainbow and The  
passing interest in Rose.
