We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

#### **The Crowd Is Untruth** Oxford University Press, USA

Step into a lost world from long ago . . . A world veiled in darkness after a cataclysmic collision that stilled the earth. Millennia have passed and only humankind has survived—through the divine gift of dreams. Exquisitely rich and magical, this new Rider-Waite-Smith-based tarot deck by digital artist Ciro Marchetti takes you into the heart of fantasy. You can use this legacy from ages past to discover what you need for your own life as it guides you toward hope, wisdom, and inspiration. The companion guidebook, *Gateway to the Divine Tarot*, presents the author's interpretation of each card's significance, along with additional perspectives from experts in the tarot community, including Ruth Ann and Wald Amberstone, James Ricklef, and Leisa ReFalo. Includes a 78-card deck and a 312-page book. Legacy of the Divine Tarot for iPhone Legacy of the Divine Tarot for iPad Larger signed prints of the individual cards and themed montages from the Legacy of the Divine deck are available from the artists web site. #### **The History of Akbar, Volume 5** Writers & Readers Publishing

Mahatma Gandhi became famous as the leader of the Indian independence movement, but he called himself "a man of God disguised as a politician." *The Way to God* demonstrates his enduring significance as a spiritual leader whose ideas offer insight and solace to seekers of every practice and persuasion. Collecting many of his most significant writings, the book explores the deep religious roots of Gandhi's worldly accomplishments and reveals—in his own words—his intellectual, moral, and spiritual approaches to the divine. First published in India in 1971, the book is based on Gandhi's lifetime experiments with truth and reveals the heart of his teachings. Gandhi's aphoristic power, his ability to sum up complex ideas in a few authoritative strokes, shines through these pages. Individual chapters cover such topics as moral discipline, spiritual practice, spiritual experience, and much more. Gandhi's guiding principles of selflessness, humility, service, active yet nonviolent resistance,

and vegetarianism make his writings as timely today as when these writings first appeared. A foreword by Gandhi's grandson Arun and an introduction by Michael Nagler add useful context. From the Trade Paperback edition.

#### **Manas Ka Hans** AWGP

An unforgettable historical novella that leads you to the flowing sand dunes of Rajasthan, the clash of swords, to the courtyard of kings and queens. The book captures the spirit of a heroic past that never fails to move readers even today.

#### **With the Annotation Gūḍhārtha-Dīpikā** by Madhusūdana Sarasvati Diamond Pocket Books Pvt Ltd

Premchand (1880-1936) was one of India's greatest writers in Hindi and Urdu. Lalit Srivastava is Professor Emeritus, Department of Biological Sciences, Simon Fraser University, Canada.

#### **The Art and Science of Self Realization** Vij Books India Pvt Ltd

A monumental biography of the subcontinent from the award-winning author of *The World Is What It Is: The Authorized Biography of V. S. Naipaul*. Second only to China in the magnitude of its economic miracle and second to none in its potential to shape the new century, India is fast undergoing one of the most momentous transformations the world has ever seen. In this dazzlingly panoramic book, Patrick French chronicles that epic change, telling human stories to explain a larger national narrative. Melding on-the-ground reports with a deep knowledge of history, French exposes the cultural foundations of India's political, economic and social complexities. He reveals how a nation identified with some of the most wretched poverty on earth has simultaneously developed an envied culture of entrepreneurship (here are stories like that of C. K. Ranganathan, who trudged the streets of Cuddalore in the 1980s selling sample packets of shampoo and now employs more than one thousand people). And even more remarkably, French shows how, despite the ancient and persistent traditions of caste, as well as a mind-boggling number of ethnicities and languages, India has nevertheless managed to cohere, evolving into the world's largest democracy, largely fulfilling Jawaharlal Nehru's dream of a secular liberal order. French's inquiry goes to the heart of all the puzzlements that modern India presents: Is this country actually rich or poor? Why has its Muslim population, the second largest on earth, resisted radicalization to such a considerable extent? Why do so many children of Indians who have succeeded in the West want to return "home," despite never having lived in India? Will India become a natural ally of the West, a geostrategic counterweight to the illiberal rising powers China and Russia? To find the answers, French seeks out an astonishing range of characters: from Maoist revolutionaries to Mafia dons, from chained quarry laborers to self-made billionaires. And he delves into the personal lives of the political elite, including the Italian-born Sonia Gandhi, one of the most powerful women in the world. With a familiarity and insight few Westerners could approach, Patrick French provides a vital corrective to the many outdated notions about a uniquely dynamic and consequential nation. His India is a thrilling revelation.

And if you ever require assistance finding the perfect book, our experienced personnel is right here to give tailored referrals.

## REVIEW OF FROM CHARITRA PRAMAN PATRA

• Chances are even if you have a Ph.D in Mathematics and or Physics you take you car to a mechanic whose highest level of education is high school. In short, expertise in one field does not equate to expertise in another, if it did historians would be writing papers on String Theory. It should also not surprise that in a time when people get their idea of history from the likes of Dan Brown a book such as this would find a market, like Barnum said, "A sucker is born every minute!" Now, the author would have one believe those nasty Jesuits cooked up a bogus history of the world and have snookered everyone (but him, it seems the Jesuits are clever, real clever, just not clever enough) for hundreds of years. Boy, people are really stupid, except for our author. It's a good thing he has come along to lift the veil of ignorance from our eyes! This is what you must believe to take this author's thesis as valid. Myself, just as I'll take my car to a mechanic who knows his trade and pass on the mathematician, I'll get my history from someone who has dedicated his life to it's study. Also, IMHO the positive reviews are mostly pathetic attempts by friends (perhaps the author himself) to praise the book. Syntax use in many of them indicate English is not the first tongue, it almost sounds like a Russian writing (very well by the way, but certainly no Conrad like command) English. Too bad I can't give negative stars.

• This is my favorite book of all time. It's minimalistic, profound, funny, everything great about literature is right here. Certain parts I cannot get past without weeping. Even after reading them numerous times.
