REVIEW OF JSS 55555 2012

- Very good book for beginners and experienced users. Good presentation, hard cover, wide content...an outstanding book.
- Great book on digestiv health. The book does an excellent job of explainng "what to do" to improve your digestive health, and even explains "why". The book claims that this alone will "transform you life". The best that can be hoped for here is short-lived temporary change. What's required to really make the excellent information contained in this book work for you is to make the changes that are required for real life change, permanent, automatic habits. Changing habits is the key to changing your lifestyle. Otherwis, the knowledge gained in this book is short-lived and will not cause "life change" as the books claims. A clinical dietitian friend of mine gave me an amazing book called The Power of Habit by Jack D. Hodge which explains why so called life changes are short lived unless habits are changed. Utilizing the power of habit can help make healthy eating, permanent and automatic habits. With this "guts and glory program" and the book The Power of Habit, you will have the "What to do" along with "How to consistently do it" - All the tools needed to create real life change. I recommend both books.
