This book offers an informed and revealing account of NASA's involvement in the scientific

understanding of the Earth's atmosphere. Since the nineteenth century, scientists have attempted to understand the complex processes of the Earth's atmosphere and the weather created within it. This effort has evolved with the development of new technologies -- from the first instrument-equipped weather balloons to multibillion-dollar meteorological satellite and planetary science programs. Erik M. Conway chronicles the

history of atmospheric science at NASA, tracing the story from its beginnings in 1958, the International Geophysical Year, through to the present, focusing on NASA's programs and research in meteorology, stratospheric ozone depletion, and planetary climates and global warming. But the story is not only a scientific one. NASA's researchers operated within an often politically contentious environment. Although environmental issues garnered strong public and political support in the 1970s, the following decades saw increased opposition to environmentalism as a threat to free market capitalism.

Atmospheric Science at NASA critically examines this

politically controversial science, dissecting the often convoluted roles, motives, and relationships of the various institutional actors involved -- among them NASA, congressional appropriation committees, government weather and climate bureaus, and the military. -- Kristine C. Harper

The Fort Missoula, Montana, Detention Camp, 1941-1944

I Survived the Great Chicago Fire, 1871 (I Survived #11) Simon and Schuster

In this historical volume Salvatore Califano traces the developments of ideas and theories in physical and theoretical chemistry throughout the 20th century. This seldom-told narrative provides details of topics from thermodynamics to atomic structure, radioactivity and quantum chemistry. Califano's expertise as a physical chemist allows him to judge the historical developments from the point of view of

modern chemistry. This detailed and unique historical narrative is fascinating for chemists working in the fields of physical chemistry and is also a useful resource for science historians who will enjoy access to material not previously dealt with in a coherent way.

Stem cells are the focus of intense interest from a growing, multidisciplinary community of investigators with new tools for isolating and characterizing these elusive cell types. This volume, which features

contributions from many of the world's leading laboratories, provides a uniquely broad and authoritative basis for understanding the biology of stem cells and the current excitement about their potential for clinical exploitation. It is an essential work of reference for investigators in embryology, hematology, and neurobiology, and their potential for clinical exploitation. It is an essential work of reference for investigators in embryology, hematology, and neurobiology, and their collaborators in the emerging field of regenerative medicine.

The Sisters of Alameda Street
Scholastic Inc.

While there has been

an increasing number of books on various aspects of epigenetics, there has been a gap over the years in books that provide a comprehensive understanding of the fundamentals of chromatin. Chromatin is the combination of DNA and proteins that make up the genetic material of chromosomes. Its primary function is to package DNA to fit into the cell, to strengthen the DNA to prevent damage, to allow mitosis and meiosis, and to control the expression of genes and DNA replication. The audience for this book is mainly newly established scientists and graduate students. Rather than going into the more specific areas of recent research on chromatin the chapters

in this book give a strong, updated groundwork about the topic. Some the fundamentals that this book will cover include the structure of chromatin and biochemistry and the enzyme complexes that manage it.

Honor-winning author Gennifer Choldenko deftly combines humor, tragedy, fascinating historical detail, and a medical mystery in this exuberant new novel. San Francisco, 1900. The Gilded Age. A fantastic time to be alive for lots of people . . . but not thirteen-year-old Lizzie Kennedy, stuck at Miss Barstow's snobby

school for girls. Lizzie's secret passion is science, an unsuitable subject for finishing-school girls. Lizzie lives to go on house calls with her physician father. On those visits to his patients, she discovers a hidden dark side of the city—a side that's full of secrets, rats, and rumors of the plague. The newspapers, her powerful uncle, and her beloved papa all deny that the plague has reached San Francisco. So why is the heart of the city under quarantine? Why are angry mobs trying to burn Chinatown to the ground? Why is Noah, the Chinese cook's son, suddenly making Lizzie question everything she has known to be true? Ignoring the rules of race and class, Lizzie and Noah must put the

pieces together in a heart-stopping race to save the people they love. Winner of a Los Angeles Public Library FOCAL (Friends of Children and Literature) Award Nominated for: Pennsylvania Young Reader's Choice Awards Tennessee Volunteer State Book Award (Middle School division) Missouri Association of School Librarians (MASL) Readers Award California Library Association's Beatty Award, Eureka List

Billboard Springer Science & Business Media

The Mau Mau - the name of a secret society that once struck terror into the hearts of British settlers in Kenya. An episode in history that ended in a State of

Emergency, with violent and brutal acts dividing a nation. This is an intensely personal and vivid story of two boys: one black, one white. Once they were friends even though their circumstances are very different. But in a country driven by fear and prejudice, even the best of friends can betray one another . . . Internationally acclaimed and award-winning author Beverley Naidoo explores new territory in this beautifully realized and moving story set in Britain's colonial past.

The Conquest of Fear
Routledge

"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series

2008 JHU Press

More than 18 million people in the United States have diabetes mellitus, and about 90% of these have the type 2 form of the disease. This book attempts to dissect the complexity of the molecular mechanisms of insulin action with a special emphasis on those features of the system that are subject to alteration in type 2 diabetes and other insulin resistant states. It explores insulin action at the most basic levels, through complex systems.

Burn My Heart
Houghton Mifflin

Harcourt

From the creator/director of the Love Comes Softly film series-- A story both bittersweet and heartwarming of a mother and her son...and of his unusual gift. The decade of the 'thirties was a time of enormous uncertainty-- for the world, for America, and in particular for one lonely, struggling mother and her disabled son. Their story is one of unyielding love and incredible sacrifices in the face of circumstances beyond belief. But then The Gift appears...where has it come from, and why? How can a young boy who cannot communicate provide comfort and direction to seekers who learn of

the special ability? Whatever the source, its presence brings a single shaft of light and hope to Mary and her beloved son, Jack....Will it be enough? A novel filled with passion, with yearning...and with hope.

Bitcoin and Beyond
Gale / Cengage Learning

A generational saga that mixes historical fiction with the romance and intrigue of a Latin soap opera. When Malena Sevilla's tidy, carefully planned world collapses following her father's mysterious suicide, she finds a letter—signed with an “A”—which reveals that her mother is very much alive and living in San Isidro, a quaint town tucked in the Andes Mountains. Intent on meeting her, Malena

arrives at Alameda Street and meets four sisters who couldn't be more different from one another, but who share one thing in common: all of their names begin with an A. To avoid a scandal, Malena assumes another woman's identity and enters their home to discover the truth. Could her mother be Amanda, the iconoclastic widow who opens the first tango nightclub in a conservative town? Ana, the ideal housewife with a less-than-ideal past? Abigail, the sickly sister in love with a forbidden man? Or Alejandra, the artistic introvert scarred by her cousin's murder? But living a lie will bring Malena additional problems, such as falling for the wrong man and loving

a family she may lose when they learn of her deceit. Worse, her arrival threatens to expose long-buried secrets and a truth that may wreck her life forever. Set in 1960s Ecuador, *The Sisters of Alameda Street* is a sweeping story of how one woman's search for the truth of her identity forces a family to confront their own past.

Chasing Secrets

Oxford University Press, USA

How long have psychotherapists been depicted in films? Nearly as long as there have been films—or psychotherapists, for that matter. This isn't surprising if one considers that the Freudian revolution in psychology and the invention of motion pictures occurred at

about the same time. What may be surprising is the sheer number of times that psychotherapists, in their many guises, have shown up in the movies and how their depiction has reflected changing social attitudes about psychotherapy over the last century. This comprehensive worldwide filmography examines over 5000 movies. Films in which mental health professionals appear, or in which others act in that capacity, are listed alphabetically. A preface explains the criteria for a film's inclusion, and a lengthy introduction and guide to the filmography explores the changing social attitudes mirrored by the movies. Appendices list the

titles by decade; alternate titles for many films; recent releases; and qualifying adult films.

Laboratory Animal Medicine Academic Press

Patents McFarland

From Newbery Medalist Avi comes the thrilling and suspenseful story of an ordinary American family who falls under suspicion during the 1950s Red Scare. It's 1951, and twelve-year-old Pete Collison is a regular kid

who loves detective stories and radio crime dramas. When an FBI agent shows up at Pete's doorstep, accusing Pete's father of being a Communist, Pete is caught in a real-life mystery. Could there really be Commies in his family? PRAISE FOR CATCH YOU LATER, TRAITOR: "Suspenseful . . . Authentic period details--such as popular radio programs and the ongoing rivalry between the Dodgers and the Giants--add a colorful backdrop to Pete's quest as he navigates the murky gray area between truth and fiction. An excellent introduction to the frenzy of the McCarthy era." —Publishers Weekly, starred review "Avi, a master of historical fiction, vividly

recreates not only the neighborhoods and pop culture of period Brooklyn, but the runaway paranoia that dominated daily life in the early years of the Cold War. With each clue Pete uncovers, the tension picks up, engaging readers in solving the dual mystery of his father's past and identifying his accuser whose name is kept a well-concealed surprise until the last moment . . . As a mystery, historical fiction, and love letter to 1950s Brooklyn, this novel succeeds on every level." —School Library Journal, starred review "Avi's tale of one Brooklyn family living in a time of intolerance effectively explores the natures of suspicion, loyalty, and freedom, following a young protagonist who

comes to learn the importance of freedom of speech and ‘staying true to your own thoughts.’” —The Horn Book Magazine “An involving, twisty mystery, grounded by the palpable emotional threat of Pete’s father being taken away. An accomplished historical mystery by one of kid lit’s most reliable craftspeople.”

—Booklist “Thought-provoking . . . Avi builds Pete’s story, told in the first person, with page-turning tension and memorable characters that will leave readers with a strong sense of the insidious power wielded by the FBI and McCarthyites.” —Kirkus Reviews A Spring 2015 Kids’ Indie Next List Pick A Junior Library Guild Selection

The Rosen Publishing Group, Inc

Basing her gripping tale on the life of the real Jane Popyncourt, gifted author Kate Emerson brings the Tudor monarchs, their family, and their courtiers to brilliant life in this vibrant novel. Beautiful. Seductive. Innocent. Jane Popyncourt was brought to the court as a child to be ward of the king and a companion to his daughters—the princesses Margaret and Mary. With no money of her own, Jane could not hope for a powerful marriage, or perhaps even marriage at all. But as she grows into a lovely young woman, she still receives flattering attention from the virile young men

flocking to serve the handsome new king, Henry VIII, who has recently married Catherine of Aragon. Then a dashing French prisoner of war, cousin to the king of France, is brought to London, and Jane finds she cannot help giving some of her heart—and more—to a man she can never marry. But the Tudor court is filled with dangers as well as seductions, and there are mysteries surrounding Jane's birth that have made her deadly enemies. Can she cultivate her beauty and her amorous wiles to guide her along a perilous path and bring her at last to happiness?

below to offer customized recommendations.

REVIEW OF JERALD D DUNCAN SATP ANSWERS

- This book takes a look at both personal relationships and church relationships. The first family of the church - Curtis and Tanya Black - start out on the right foot from college. Unfortunately, as years go by Curtis loses sight of the real goal and begins focusing on the boastful pride of life. While Tanya disapproves of her husband's focus, she does not want to shatter the "perfect family picture". Well, the picture gets shattered and oh how it gets shattered. This

book is well written, tells an excellent story and captivates right from the start. The book demonstrates the strength and weaknesses of those professing versus those possessing.

- Kim has got it going on. This is another winner. Her characters are so real. She really shows that if led astray anyone can fall. I wonder how many church leaders find themselves in Tanya's and Curtis' shoes? I wonder how Adrienne would've explained to her unable to have children husband that she was having his baby? Curtis had time to sort it out, but money being the root of all evil kept him going. Curtis really had a lot of nerve to preach and who more than him was being more

hypocritical than he. her man. Kim, I can't
Tanya really stood by wait to see your name
on another book cover.
